Alliant Energy's Operation ReLeaf is a program to help Alliant Energy customers save energy in their homes using trees to provide shade during the summer and create wind breaks during the winter. ***For maximum energy efficiency, shade trees should be planted within 30 feet of the east and west and evergreens should be planted as a windbreak on the north and west of your home.***

Call 811 before you dig.
811 is the national phone number that initiates the free process of locating and marking the underground utility lines in your yard. It is required by law that you contact 811, Iowa One Call 1-800-292-8989 or iowaonecall.com at least three business days before you dig.

Alliant Energy customers are eligible to purchase up to two trees for $25 each (average retail cost per tree is $65.00) with the remaining cost funded through a grant from Alliant Energy). Advance purchase is recommended. In the event that additional trees are available on distribution day, they will be released for purchase at 6:30 pm on a first come/first served basis or until all trees are sold. **Trees must be picked up on 9/24/2014 between 4:30 PM and 6:30 PM at Pin Oak Marsh Lodge (45996 State Hwy 14, Chariton).** Any trees not picked up by 6:30 PM on distribution day will be considered a donation to the Lucas County Conservation Board.
