

Table of Contents

Chapter One	1
Background	1
The North American Model of Wildlife Conservation	1
The Public Trust Doctrine	1
Traditional Funding Model for Wildlife Conservation in the U.S.	1
Current and Future Wildlife Management: New Challenges, Threats, and Expectations.....	2
Sustainable Funding and Teaming With Wildlife	2
State and Tribal Wildlife Grants Program (SWG).....	3
Other Funding Initiatives	3
State Wildlife Action Plans	3
The Eight Required Elements of a State Wildlife Action Plan	4
Iowa’s Wildlife Action Plan.....	4
Framework Outlined in Initial Plan	5
2012 Modification.....	5
2015 Comprehensive Revision Process.....	5
Iowa’s Conservation Legacy	6
References Cited in Chapter One	7
Chapter Two.....	8
Physiography	8
Topography	8
Climate	8
Geology	9
Level III Ecoregion Descriptions	10
Historic Plant Communities.....	13
Prairies	13
Forests.....	13
Fire and grazing.....	15
Historic Wildlife Communities	16
Game Animals.....	16
Waterbirds	16
Furbearers.....	17
Canids and other Large Predators.....	17
Fish and Mussels.....	18
Nongame Species.....	18
Birds and Mammals	18
Reptiles, Amphibians, and Invertebrates	19
Impacts of Settlement.....	19
Forests.....	19
Prairies	20
Wetlands.....	20
Rivers.....	20
Wildlife.....	21
Fish	23

Freshwater mussels.....	24
Change Continues in the 20 th Century	24
Improved farming technology.....	25
USDA farm policies.....	26
Summary	28
Wildlife Conservation.....	29
Wildlife Restoration	29
Land acquisition	29
Habitat on private lands.....	31
Iowa's Natural Communities Today	32
References Cited in Chapter Two.....	33
Chapter Three	35
Species Included in the Iowa Wildlife Action Plan	35
Determining the Species of Greatest Conservation Need	35
Future Changes to List of SGCN	39
Evaluation of Additional Taxonomic Groups	39
Specific resources utilized by each taxonomic subcommittee during SGCN assessment:.....	61
References Cited in Chapter Three	63
Chapter Four	66
Organizing Frameworks – Ecoregions and Watersheds.....	66
Ecoregions.....	66
Watersheds	67
Organizing Frameworks – Terrestrial and Aquatic Habitat Classes	68
Terrestrial Habitat Classes.....	68
Aquatic Habitat Classes.....	73
Habitat Maps.....	75
Habitat Preferences of SGCN	79
Priorities for Habitat Protection.....	80
Landscape-Scale Prioritization	80
Rare and Sensitive Communities	80
References Cited in Chapter Four	82
Chapter Five	84
Assessing Threats to Iowa’s Wildlife and Habitats.....	84
Defining Threats.....	84
Threats Taxonomy	86
References Cited in Chapter Five	98
Chapter Six	99
Background	99
Iowa is farming country	100
A Vision for the Future.....	100
A Vision for Iowa’s Wildlife	101
By 2030 Iowa will have viable wildlife populations that are compatible with modern landscapes and human social tolerance.	101
A Vision for Wildlife Habitats	102
By 2030 Iowa will have healthy ecosystems that incorporate diverse, native habitats capable of sustaining viable wildlife populations.....	102

A Vision for Wildlife Management.....	105
Diverse wildlife communities will be developed on public and private lands and waters through the use of adaptive ecological management principles.	105
A Vision for Wildlife-Associated Recreation	107
More lowans will participate in wildlife-associated recreation, and all lowans will have access to publicly owned recreation areas to enjoy wildlife in its many forms.....	107
A Vision for Wildlife Education	108
lowans will respect wildlife for its many values and they will advocate effectively for conservation of wildlife and wildlife habitats.....	108
A Vision to Fund Wildlife Conservation	110
Stable, permanent funding will be dedicated to the management of wildlife at a level adequate to achieve the visions of this plan.....	110
Conservation Actions Taxonomy.....	111
References Cited in Chapter Six	112
Chapter Seven	116
Background	116
Statewide Wildlife Inventory – Iowa’s Multiple Species Inventory and Monitoring Program	117
Multiple Species Inventory and Monitoring Program.....	117
Adaptive Resource Management.....	123
Research Priorities	126
Adapting Conservation Actions in Response to New Information or Changing Conditions	127
References Cited in Chapter Seven.....	128
Chapter Eight	130
Priorities for Vision Elements.....	131
Wildlife Vision	131
Habitat Vision.....	132
Management Vision.....	135
Recreation Vision	135
Education Vision.....	137
Funding Vision.....	137
Geographic Priorities.....	138
Process for Geographic Priority Map Updates or Changes.....	138
References Cited in Chapter Eight	163
Chapter Nine	164
Wildlife Action Plan Review and Revision.....	164
2015 Comprehensive Review and Revision Process	164
Coordination	165
Coordination during Development of Original Version of IWAP.....	166
Coordination during Plan Implementation and Comprehensive Review and Revision	166
Interagency Cooperation	167
References Cited in Chapter Nine.....	168
Chapter Ten.....	169
Background	169
Annual Costs	169
Tracking Progress toward the Land Protection Goal.....	169
Benefits of Sustaining Biodiversity in Iowa	172

Economic Benefits.....	172
Other Benefits.....	173
Conclusion.....	173
References Cited in Chapter Ten.....	174
Chapter Eleven.....	175
Introduction.....	175
Implementing the IWAP through Cooperative Natural Resources Management.....	175
Conclusion.....	199
Appendix 1. IWAP Implementation Committee.....	200
Appendix 2. Attendees at the IWAP Advisory Group meeting (2004).....	202
Appendix 3. List of Iowa Amphibians Evaluated by the IWAP.....	206
Appendix 4. List of Iowa Reptiles Evaluated by the IWAP.....	208
Appendix 5. List of Iowa Breeding Birds Evaluated by the IWAP.....	211
Appendix 6. List of Non-breeding Birds Evaluated by the IWAP.....	218
Appendix 7. List of Iowa Butterflies Evaluated by the IWAP.....	225
Appendix 8. List of Iowa Crayfish Evaluated by the IWAP.....	231
Appendix 9. List of Iowa Dragonflies and Damselflies Evaluated by the IWAP.....	232
Appendix 10. List of Iowa Fish Evaluated by the IWAP.....	237
Appendix 11. List of Mammals Evaluated by the IWAP.....	244
Appendix 12. List of Iowa Mussels Evaluated by the IWAP.....	248
Appendix 13. List of Iowa Terrestrial Snails Evaluated by the IWAP.....	251
Appendix 14. NatureServe National Heritage Status Rank Definitions.....	255
References cited for Appendix 14.....	255
Appendix 15. Iowa Animals Endangered, Threatened, and Species of Special Concern.....	256
Appendix 16. Species Status Assessment Criteria and Summarized Assessment Values.....	261
Appendix 17. Informational Form for Nomination of New Taxonomic Groups to the Iowa Wildlife Action Plan.....	264
Appendix 18. Habitat Preferences for SGCN.....	265
Appendix 19. SGCN grouped by major cover types/habitat classes.....	288
SGCN Associated with Specific Forest Habitats.....	290
SGCN Associated with Specific Grassland Habitats.....	297
SGCN Associated with Specific Wetland Habitats.....	301
Appendix 20. Level Two Threats to Iowa’s Wildlife.....	318
Appendix 21. Climate Change Vulnerability Report for Species of Conservation Concern in Iowa.....	332
Acknowledgments.....	333
Abstract.....	333
Explanation and Purpose of Assessment.....	333
Methodology.....	334
General Findings.....	335
Results by Taxonomic Group:.....	336
Implications.....	358
References Cited in Appendix 21.....	359
Appendix 22. Threats Taxonomy.....	360
Appendix 23. Actions Taxonomy.....	363
Appendix 24. Additional Resources.....	363
Natural Resource Management & Scientific Agencies in Iowa.....	363
Partnerships and Coalitions.....	363

Non-governmental Fish and Wildlife Conservation and Scientific Organizations in Iowa 364
