

PUBLIC LAND MANAGEMENT

9% of REAP is dedicated to the Department of Natural Resources for the development and management of state conservation land, habitat and facilities.

Project examples are trail renovation, shower and restroom replacement, repairs to lodges, shelters and cabins, and minor repairs of dams, spillways, and beaches.

Rathbun Fish Hatchery Appanoose County

- \$21,968 in FY12
- Replace fish tanks, feeders & valves
- Large Walleye Culture Research Facility
- Focused on efficiently raising one of Iowa's top sport fish.

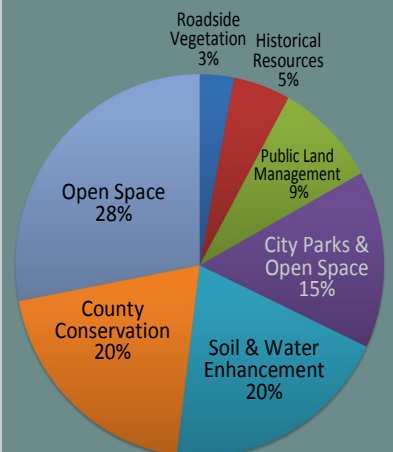

Volga River Recreation Area Campground Development Fayette County

- \$107,079 in FY11
- Developed 29 equestrian campsites
- Popular area for equestrians because of 25 miles of trail on challenging terrain.

REAP Fund Distribution

1st \$350,000 for Conservation Education
1% for DNR Administration

Managing the Public's Land

- ◆ Provides outdoor recreational opportunities for more than 625,000 licensed hunters, anglers and boaters, and nearly 1 million wildlife enthusiasts.
- ◆ 425,000 acres of public land and water, including 71 parks and recreation areas, 510 wildlife areas, 245 lakes and four state forests.
