

Notes from Title V Fee Advisory Group Meeting

June 9, 2015

Handouts provided to meeting participants included:

- Meeting Agenda
- Advisory Group Charter
- Copies of Power Points on 1) 2014 Stakeholder Recommendations and 2) 2015 Legislative Session and Advisory Group Input
- Timeline for Implementation of SF488
- Draft rulemaking
- Draft Title V Operating Permit application fee projections
- Diagram of Air Quality Fund Accounts: SF488

Electronic copies of all handouts were also available at www.iowadnr.gov/feegroups for phone participants.

- 1) The Advisory Group Charter was reviewed with participants and approved with no changes.
- 2) Jim McGraw presented a Power Point on the 2014 Stakeholder recommendations and answered questions from participants during the presentation.
- 3) Catharine Fitzsimmons presented a Power Point on the 2015 Legislative Session and Advisory Group Input and answered questions from participants during the presentation.
- 4) Jim McGraw reviewed and discussed rulemaking items in the draft rules that pertain to Title V operating permit and emissions fees. He reviewed the handout of the timeline for implementation of SF488. The informal comment period on the draft rulemaking started today.

The following issues were discussed:

- Processes should allow for the submittal of application fees by credit card in addition to check.
- Narrowing the scope of what expenses Title V emissions fees could be used to cover for program areas not already covered by permit application fees or asbestos notification fees.

Participants should send comments on the proposed rulemaking to Jim McGraw.

- 5) Catharine Fitzsimmons reviewed and discussed the handout with 5-year Title V operating permit application fee projections.

The following issues were discussed:

- Benefits of establishing application fees that would cover projected expenses for this program area for five years.
- Whether separate fees should be established for operating permit application modifications.

Comments and questions received during the draft rule and fee projection discussions will be used to help develop frequently Asked Questions (FAQ).

6) Action Items: None.

7) Next meeting: July 7. This advisory group will be combined with the Major Source Construction Permit Application advisory group. The meeting will start at 9:30 a.m.
