

STATE RECORD FISH

A new all-time state record will be recognized only if the weight of the fish exceeds one ounce or more than the weight of the previous state record for that species or recognized hybrid. New all-time state record fish must be examined and verified by DNR fisheries personnel. One witness must attest to the weight of the fish to the nearest ounce on scales legal for trade. All-time records are posted until broken.

Online entries for State Record fish must have the species and size (length and weight) verified by DNR personnel in order to be recognized.
