Using School Site Projects to Implement the Core Registration Form

WELCOME TEACHERS!

Iowa P*roject Learning Tree* is teaming with *Trees for Kids* and *The Greater Des Moines Botanical Garden* to conduct workshops to help educators learn how to develop a school site outdoor project to implement a STEM based approach to your curriculum. We will introduce a variety of teaching methods and materials (including *Project Learning Tree)*that can be used to develop a project based learning unit to include: tree planting, care and maintenance on or near your school site. *Teaching partners/groups are encouraged to facilitate planning/implementation of projects.* **This training is an opportunity to fulfill your Trees for Kids grant requirements.**
