

## NORTHEAST IOWA TWO-WHEEL TREK

The NORTHEAST IOWA bike route connects Wapsipinicon State Park, Pikes Peak State Park and Backbone State Park. Popularly known as the “Little Switzerland” of Iowa, this 130 mile route is marked by breathtaking bluffs, tree topped hills, roller coaster roads and meandering rivers. Lodging is available in 3 towns and campgrounds are available in each of the three state parks.

### Bicycle Route Description:

Anamosa: E28 can be found by going west of Casey’s store on Cherry St.

- Prairieburg to Delhi: west of E28/X20; north on X20; east of D62; north on X31
- Delhi to Manchester: Return to south edge of Delhi to take D5X
- Manchester: will come into town on D5X (Bailey Drive); go west on Main St., which becomes D22
- Dundee to Petersburg: NOTE that the route jogs on State Hwy 38 for .2 miles
- Petersburg to Colesburg: NOTE that the route jogs east of State Hwy 3 for .4 miles just before Colesburg
- Guttenberg to Pikes Peak State Park: Take X56, the Great River Road, out of Guttenberg
- Pikes Peak State Park to McGregor: County Road X56 does not have paved shoulders.
- The Great River Road has paved shoulders which were designed for bicycle traffic. It is a long winding road along the banks of the scenic and legendary Mississippi River.
- Coast down and pedal up the steep hills. This route is designed for the “seasoned” cyclists.

### Overnight Vehicle Parking:

Arrangements must be made in advance to leave your vehicle overnight in any of Iowa’s state parks. Park rangers will direct you to the lot designated for overnight parking, generally a visitor parking lot adjacent to the campground.

### Safety Tips:

- Northeast Iowa Bike Route primarily runs along highways. Ride on the right side of the road and obey all traffic laws. Stay alert at intersections.
- Do not create a traffic jam. Ride in double or single file, as traffic dictates.
- Wear a helmet. Even a slow fall from a bicycle is enough to create serious injury.
