A & B UST OPERATOR TRAINING DATES ANNOUNCED FOR 2016

These are the only R&A Risk Professionals Classes currently scheduled

REGISTER TODAY

FREE to Iowa UST Operators

PMMIC has teamed up with PMCI and R&A Risk Professionals to offer more Iowa UST Class A & B Operator Training courses. For Iowa operators there is no cost for this **State mandated** training if you have not already attended a qualifying course. There is no limit on the number of attendees per facility. Also, it is advised that you have more than one individual trained for your facility. You currently have 6 dates to pick from.

If you have already registered for one of our other classes, you are able to switch to another date that may work better for you. To switch dates, log back into the registry and select the new date of your choice.
