

## **Upcoming Iowa UST Professional Courses:**

**Iowa UST Professional Refresher Course , November 21 or 22, 2013, Iowa Room 3, Adventureland Inn, Altoona.** *For all licensed UST Professionals in order to fulfill CEU requirement. The UST professional renewal period is December 31, 2014. Note: Removers may opt to go to the 2014 Remover Course to obtain their CEUs in place of the Refresher Course.*

**Iowa UST Professional Remover Course, February 21, 2014, Adventureland Inn, Altoona.** This is a one-day course, which covers all the critical aspects of UST permanent closure (removal and fill in place procedures). This course is required to become an Iowa Licensed Remover in Iowa. This course will also provide the necessary CEUs for renewal purposes for those Individuals who currently hold a Remover only license.

**Iowa UST Professional Installer Course, February 25 and 26, 2014, Adventureland Inn.** This course is open to anyone who wants to be an Iowa licensed installer. You also need this course in order to become an Iowa licensed UST installation inspector or UST compliance inspector. Please contact Brian Pottebaum, Rounds & Associates/PMMIC 515/334-3010 to sign-up.

**Proposed Iowa UST Professional Compliance Inspector course February 27 and 28, 2014, Grand 6, Adventureland Inn, Altoona, Iowa.** The prerequisite for this course is the successful completion of the Iowa UST Professional Installer Course. Iowa is one of just a few states that have a third party compliance inspection program, and where an inspection is required every two years for compliance. Inspections involve scheduling the inspections, conducting on site compliance inspections using DNR inspection form/guidance, entering the inspection in the DNR's inspection database, and following up on any deficiencies and violations.

**Registration form and agenda will be provided at a later date.**

**Thank you.**
