

## Example #1

# **Environmental Management System Policy**

---

Murata Power Solutions (Date), Inc. recognizes and believes that environmental management is one of our highest corporate priorities and that we conduct all aspects of our business as responsible stewards of the environment. We will integrate the principles and practices of conserving our natural resources and reducing pollution as essential elements of our management, corporate culture, and community relations through the use of a documented and maintained Environmental Management System.

Therefore we assume responsibility for protecting the environment, complying with relevant legal requirements, laws, internal and external regulations, and committing ourselves to continual improvement primarily in the following areas:

- Hazardous Material Reduction
- Resource Conservation and Recycling
- Energy Conservation
- Pollution Prevention
- Environmental Education

We will measure and evaluate our performance to established goals and objectives through regular management review meetings. This policy shall be made public to all interested parties, internal and external to the company.
