

Permit Number	Field Office ID	Permit Name	1. Does your facility accept dead animals (e.g. deer carcasses, cats, dogs, cows)?	2. Does your facility accept mass animal mortalities (e.g. CAFO fire, suffocation)?	3. Does your facility accept diseased animals?	4. Does your facility accept mass animal mortalities from a disease?	5. Does your facility accept deer and other animals potentially infected with CWD?	6. If avian influenza reached Iowa, would your facility accept bird carcasses that may be diseased?	7. If your facility accepts diseased animals, does the landfill have the ability to set up a separate entry in order to maintain biosecurity?	8. Does the landfill have personal protective clothing for handling diseased animals?	9. Does the landfill provide training to staff for disposal of diseased animals?	10. Does the landfill have current Special Waste Acceptance Criteria (SWAC) on file to address the management of diseased or mass animal mortalities?	11. If your facility does not accept dead animals, what alternate disposal option is made available?
06-SDP-02-81	1	Benton County Sanitary Landfill	The landfill does not accept dead animals knowingly.	no	no	no	no	no	NA	NA	NA	NA	In the past we have worked with the Solid Waste Agency in Marion.
07-SDP-01-75	1	Black Hawk County Sanitary Landfill	Only deer carcasses from General Public, Dead animals from Governmental Agencies.	no	no	no	no	no	NA	NA	NA	NA	Darling International or Burial
08-SDP-01-75	5	Boone County Sanitary Landfill	No, unless they are first incinerated and/or digested in a manner that renders pathogens ineffective.	Yes and no. If animals were consumed by a fire and bloating would not be an issue, then we would consider accepting. Otherwise, no.	No, we do not unless they are first incinerated and/or digested in a manner that renders pathogens ineffective. We are in the immediate vicinity of a major wildlife area along the Des Moines River.	no	No, our leachate treatment permit prohibits this.	No we do not, unless they are first incinerated and/or digested in a manner that renders pathogens ineffective. We are in the immediate vicinity of a major wildlife area along the Des Moines River.	no	no	no	no	Our local Humane Society handles small animals. We have made arrangements with Metro Park West Landfill to accept deer carcasses from our planning area. The only calls we ever receive concern deer carcasses. **see doc #81163 for more information on animal disposal.
08-SDP-03-84	5	Metro Park West Landfill (Formerly North Dallas)	Yes. Large volumes are directed to Metro Park East (MPE).	Large volumes are directed to MPE.	No. Animals with known communicable diseases are not accepted by Metro Waste Authority. These cases are referred to the Department of Ag and Biosystems Engineering and the DNR.	No. See #5	Yes, on a case by case basis. MWA will consider acceptance of low risk, non-communicable diseased animals from its service area on a case by case basis. The animals must be delivered within 24 hours of death or previously frozen. The waste will be accepted under an approved special waste permit and transported and disposed in accordance with EPA and DNR recommended practices. Large volumes are directed to MPE.	No. These cases are referred to Iowa Department of Ag and Biosystems Engineering and the Iowa DNR.	NA	NA	NA	no	NA
14-SDP-01-74	4	Carroll County Sanitary Landfill/Recycling Center	Individually on occasion.	no	no	no	no	no	NA	NA	NA	NA	Rendering or on site burial.
15-SDP-01-75	4	Cass County Sanitary Landfill	Yes, in small quantity by appointment	No, our operation would not allow us to provide for mass burial.	no	no	no	no	NA	NA	NA	no	NA
17-SDP-01-75	2	Landfill of North Iowa	yes	yes	Not knowingly	Dependent upon details of disease.	yes	Not sure at this time.	yes	no	no	yes	So far LNI has taken mortalities.
18-SDP-01-75	3	Cherokee County Sanitary Landfill	yes	yes	yes	yes	yes	yes	no	no	no	no	NA
23-SDP-01-74	6	Clinton County Sanitary Landfill (East Site)	yes	yes	Dependent on situation.	Dependent on situation.	yes	Dependent on situation.	No current plan.	Not at this time, could be purchased as necessary.	Not at this time.	no	Animal rendering, Darling International.
25-SDP-01-75	5	South Dallas County Sanitary Landfill	We would be fine taking low numbers. We don't have the staff to take care of semi loads at a time.										
27-SDP-01-75	5	Wayne-Ringgold-Decatur County Sanitary Landfill	no	no	no	no	no	no	no	no	no	no	
29-SDP-01-76	6	Des Moines County Regional Sanitary Landfill	yes	yes	Yes, assuming they are already dead	yes	Yes, any that are considered safe-to-landfill by the state	Yes, any that are considered safe-to-landfill by the state	yes	Yes we have PPE for all crew. However we would anticipate staff would remain in enclosed equipment rather than hands-on handling. We do not unload for the customer.	yes	No, we will consider adopting the one that DNR has developed.	NA
30-SDP-01-75	3	Dickinson Landfill Inc.	Yes, Dickinson Landfill accepts dead animal carcasses for disposal, provided the generator has completed a special waste profile and the animals are free of infectious proteins. (Mad Cow Disease, CWD) In addition, "downer cattle" suffering from broken legs or torn ligaments are otherwise considered healthy and are acceptable for disposal with certification. Swine infected with Porcine Epidemic Diarrhea virus or Swine influenza may be accepted on a case by case basis per Waste Management (WM) Policy.	See #1	See #1	See #1	no	This would be reviewed with WM and DNR on a case by case basis.	This is unlikely, but if there is an event WM would need to evaluate on a case by case basis.	Does not apply at this time. If there is an event, WM would need to evaluate on a case by case basis.	Does not apply at this time. If there is an event, WM would need to evaluate on a case by case basis.	Not certain. Depends on specific event.	Our site accepts dead animals provided the generator has completed a special waste profile and the WM acceptance criteria is met.
31-SDP-02-75	1	Dubuque Metropolitan Sanitary Landfill	yes	Possibly, only with prior authorization from the management. Prior authorization will clarify hazards associated with handling and the risks will be determined and will be conducted with the generator and appropriate expert.	Staff does not ask for cause of death, so probably yes. If by call staff will evaluate.	Possibly, only with prior authorization from the management.	Possibly, only with prior authorization from the management.	Possibly, only with prior authorization from the management.	Not at this time.	Possibly, depends on the hazards presented.	Training is conducted whenever a new known hazard is introduced.	no

If your facility does not accept dead animals, what alternate disposal option is made available?
70-SDP-02-75	6	Muscatine County Sanitary Landfill	yes	Yes, we do ask to have time, if possible to make arrangements for them.	Yes, we do ask for advance notice to make arrangements for them. At least 24-48 hours.	Yes, we do ask for advance notice to make arrangements for them. At least 24-48 hours.	yes	yes	We would have the same entrance, but would have the material in a different location and buried right away after disposal. We are closed to the general public. Only transfer trailers and direct special waste is taken directly to the landfill.	Our landfill has contract operators. It is the responsibility of the contractor to have the PPE.	All staff are informed of what to do and how to handle animals for disposal.	No, we do not, but it would be beneficial.	NA
73-SDP-01-75	4	Page County Sanitary Landfill	yes	no	no	no	no	no	no	no	no	no	Call DNR
74-SDP-02-76	3	Northern Plains Regional Landfill	Yes we accept small animals and deer carcasses.	We have not in the past.	The State Vet has dropped off a sheep head on occasion, but do not think it was diseased.	No, but could if emergency.	yes	Yes, on a limited basis.	no	no	no	no	There is a rendering plant close but I don't think accept diseased animals.
77-SDP-01-72	5	Metro Park East Sanitary Landfill	yes	yes	No. Animals with known communicable diseases are not accepted by MWA. These cases are referred to the Department of Ag and Biosystems Engineering and the DNR.	No. See #5	Yes, on a case by case basis. MWA will consider acceptance of low risk, non-communicable diseased animals from its service area on a case by case basis. The animals must be delivered within 24 hours of death or previously frozen. The waste will be accepted under an approved special waste permit and transported and disposed in accordance with EPA and DNR recommended practices.	No. These cases are referred to Iowa Department of Ag and Biosystems Engineering and the Iowa DNR.	NA	NA	NA	no	NA
81-SDP-01-75	3	Sac County Sanitary Landfill	no	no	no	no	no	no	NA	No, as we don't accept any dead/diseased animals.	No, as we don't accept any dead/diseased animals.	no	At the current time, we do not have an alternate disposal option. This is not something that we have needed to address for at least the last 20 years. I will bring it up at our next Board Meeting that perhaps we need to have an alternate disposal option in place.
82-SDP-09-92	6	Scott Area Sanitary Landfill	yes	yes	yes	yes	yes	yes	yes	If needed, based off of potential	yes	No SWAC, but we tell customers we accept	NA
84-SDP-01-74	3	Northwest Iowa Area Sanitary Landfill	The agency accepts dead animals that cannot be commercially rendered (deer carcasses, sheep, euthanized animals, spinal cords, and brains).	The agency accepts mass animal mortalities (fire and suffocation) on a case by case basis, if no other option is available (rendering, composting, incineration and generators on site burial) requires Special Waste Authorization.	The agency will accept a diseased animal if no other disposal option is available. (rendering, composting, incineration and generators on site burial.)	On mass animal mortalities from disease, will be reviewed on a case by case basis. (type of disease, number of animals, and no other disposal option available.) requires SWA.	Currently the agency accepts deer, sheep, and beef spinal cords and brains that are potentially affected with CWD, Scabies and Mad cow disease.	The agency will not accept avian influenza infected bird carcasses. With the potential of humans contracting the disease and the safety of the employees and the public the agency recommends incineration.	The agency only has one entry point, maintain biosecurity in a landfill would be almost impossible with birds and other wildlife, leachate collected also has the potential to spread the disease.	The agency has Tyvek suits, respirators, safety glass and goggles, gloves, available.	The agency hires a safety company (Safety Made Simple) for safety training on handling hazardous waste.	Yes the agency has a SWAC on file.	The agency does accept dead animals but there are more disposal options available. (Rendering, composting, incineration, generators on site burial)
86-SDP-01-72	5	Tama County Sanitary Landfill	no	no	no	no	no	no	no	no	no	no	Contact another landfill in our planning area.
