

PUBLIC NOTICE

The Iowa Department of Natural Resources (IDNR) is proposing to renew the Title V Operating Permit for MetoKote Corporation - Plant 24. This facility is located at 2320 Northeast Avenue in Waterloo, Iowa 50703. IDNR is currently reviewing an application for renewal submitted by MetoKote Corporation to operate their existing Coating of Miscellaneous Metal Parts Facility.

MetoKote Corporation - Plant 24 is required to obtain a Title V Operating Permit pursuant to 567 Iowa Administrative Code (IAC) 22.101. This facility has the potential to emit the following air pollutants annually:

PM-10 (particulate matter ten microns or less in diameter): 0.88 tons
Particulate Matter: 51.59 tons
Sulfur Dioxide: 0.04 tons
Nitrogen Oxides: 7.04 tons
Volatile Organic Compounds: 43.91 tons
Carbon Monoxide: 5.92 tons
Lead: 0.00 tons
Hazardous Air Pollutants: 2.91 tons

Based on the information provided in the Title V Operating Permit renewal application, the IDNR has made an initial determination that the facility meets all the applicable criteria for the issuance of an operating permit specified in 567 IAC 22.107.

A copy of the Fact Sheet (which describes the facility and summarizes the permit review) and a copy of the draft Title V Operating Permit are available for public inspection at the:

Waterloo Public Library
415 Commercial Street
Waterloo, Iowa 50701
319-291-4521
Monday - Thursday 9 am - 9 pm
Friday - Saturday 9 am - 5 pm

These documents are also available on the Air Quality Bureau's website at:

<http://www.iowacleanair.com>

For additional information or for a copy of the draft permit or fact sheet contact:

John Woodland
Environmental Specialist
Iowa Department of Natural Resources
Air Quality Bureau
7900 Hickman Rd., Suite 1
Windsor Heights, IA 50324
Phone: (515) 242-5160
E-mail: john.woodland@dnr.iowa.gov

A complete record of the permit review, including the renewal application and the proposed permit, is available for public inspection Monday-Friday, 8:00 a.m. - 4:30 p.m., at the IDNR address shown above.

The public comment period for the proposed permit will run from Tuesday, October 27th, 2009 through November 25th, 2009. The beginning date of this public comment period also serves as the beginning of the U.S. Environmental Protection Agency's (EPA) 45-day review period, provided the EPA does not seek a separate review period. During this time, anyone may submit written comments on the permit. Mail signed comments to John Woodland at the IDNR address shown above.

Written requests for a public hearing concerning the permit may also be submitted during the comment period. Any hearing request must state the person's interest in the subject matter, and the nature of the issues proposed to be raised at the hearing. IDNR will hold a public hearing upon finding, on the basis of requests, a significant degree of relevant public interest in a draft permit. Mail hearing requests to John Woodland at the IDNR address shown above.

IDNR will keep a record of the issues raised during the public participation process, and will prepare written responses to all comments received. The comments and responses will be compiled into a responsiveness summary document. After the close of the public comment period, IDNR will make a final decision on the renewal application. The responsiveness summary and the final permit will be available to the public upon request.
