Becoming an Outdoors-Woman

is a workshop aimed primarily at women, but is an opportunity for anyone 18 years or older to learn outdoor skills usually associated with hunting and fishing, but useful for many outdoor pursuits. The workshop is for you if . . .

- you have never tried these activities, but have hoped for an opportunity to learn.
- you are a beginner who hopes to improve your skills.
- you know how to do some of these activities, but would like to try your hand at some new ones.
- you are just looking for the camaraderie of like-minded individuals.

WORKSHOP CLASS DESCRIPTIONS

A. Introduction to Firearms & Firearm Safety

This course is an introduction to the basic types of firearms, components, actions, ammunition, handling and safety in the field and in the home. This course will not include any actual shooting.

PREREQUISITE FOR: CLASS I, Q, Y

B. Taking Kids Outdoors

Participants will learn a variety of activities that can be done with children of all ages. Ideas will also be presented to help ease the stress of taking kids outdoors. Be a special adult to a child by using the outdoors for fun and education.

C. Basic Fishing Skills

This course will offer hands-on instruction on fishing equipment, fish identification, habitats and location, basic spin-casting instruction and fish cleaning.

THIS SESSION REQUIRES A VALID FISHING LICENSE

D. Dutch Oven Cooking

Learn to cook outdoors. The versatility of a Dutch oven will amaze you. Recipes will be shared and everyone will get a chance at preparing and sampling a variety of dishes and even desserts.

E. Woodworking for Wildlife

Assisting wildlife with food and shelter is important. Learn about types of bird houses and nest boxes to make available in your backyard. Also tips for bird feeding, types of bird seed, feeders and best placement for the viewing enjoyment. Participants will have the opportunity to make an item to take.

F. Basic Kayaking

Participants will learn the basics of the popular sport. Information will include water safety, how to enter and exit the boat, paddle strokes and other maneuvers. Participants will practice skills on the lake, so prepare to get wet.

G. Birdwatching

Participants will learn the basic steps in becoming an adept birder. Plan to hike in the area to learn bird spotting techniques and identifying various bird calls.

H. Reading the Woods

What creatures live in these woods? How do you know what animal left that track? How long ago? What was it doing? Whether you are hunting with a bow, rifle or camera, observation and tracking skills are the key to increasing your enjoyment of the outdoors.

I. Beginning Muzzleloading

Participants will learn the history of firearms, types of muzzleloading guns in use today and various projectiles and powder used to shoot a muzzleloader. There will be an opportunity to load and fire a muzzleloader on a range.

PREREQUISITE: Class "A" or Hunter Education Certificate.

J. Nature Photography

What does it take to get great photos? What kind of camera should you use? From the beginner to the advanced, let an experienced

photographer answer your questions. Bring camera and film for some actual picture opportunities.

K. Backpacking Basics

This session will cover basic backpacking equipment and clothing, low-impact camping techniques and food selection. Participants will practice setting up tents and packing backpacks.

L. On Target for Fun, Intro to Archery

Learn how to select a bow, arrows and other related archery equipment for hunting and target shooting. You will be able to apply skills learned by shooting at an archery range set up at the workshop.

M. Dutch Oven Cooking

Repeat of Course D

N. Basic Motor Boat Skills

In this course, participants will learn the basics of boating safety, how to back a boat trailer and how to operate various types of motorboats. Participants will have the opportunity to actually back trailers and operate boats on the water.

O. Turkey Hunting Basics

This class will cover the biology, habits and food sources of the wild turkey. Participants will have the opportunity to learn and practice calling techniques, as well as learn about equipment, camouflage clothing and different set-ups to improve their chances of seeing and bagging one of these magnificent birds.

P. Map and Compass Reading

Participants will be exposed to a unique blend of humor and hands-on training, designed to make orienteering enjoyable. Map reading and compass skills will be applied to specific land navigation requirements of hiking, fishing, hunting and other outdoor activities. **PREREQUISITE FOR: CLASS X**

Q. Beginning Shotgun Shooting

Participants will become familiar with the different types of shotguns, ammunition and proper gun fit. Time will be spent at a range where participants will shoot clay birds.

PREREQUISITE: Class "A" or Hunter Education Certificate.

R. Nature Photography

Repeat of Course J

S. River Fishing

This course introduces rivers, river fish and river fishing. Participants will become familiar with methods used to catch fish from Iowa's nearly 20,000 miles of rivers and streams. (Not required, but course C will prepare you more for this session).

THIS SESSION REQUIRES A VALID FISHING LICENSE

T. On Target for Fun, Intro to Archery

Repeat of Course L

U. Basic Camping

Learn what to take and what to leave at home. Learn about equipment best suited to your needs including tents, sleeping bags and cook stoves. Learn how to make your trip a safe and enjoyable one. You will learn to put up a tent, build a safe fire and make a comfortable camp with low or no impact on the environment.

V. Basic Canoeing

Participants will learn the basics of water safety, equipment, steering and paddling strokes. Participants will practice canoeing skills on the lake, so dress for the weather and be prepared to get your feet wet!

W. Birdwatching

Repeat of Course G

X. GPS (Global Positioning System)

The use of GPS (Global Positioning System) devices are becoming more and more common. Anglers use them to mark good fishing spots. Hunters use them to mark wildlife sightings. Backpackers use them for navigation in the backcountry. In this hands-on program you'll learn how a GPS works and practice using a hand-held device. **PREREQUISITE: CLASS P**

Y. Beginning Shotgun Shooting

Repeat of Course Q

Z. Bird Dog Basics

Learn what to look for in a hunting dog and some basic training techniques. Get to know some different breeds and their purposes. Plenty of field work and demonstrations with dogs.

AA. Fly Fishing

Participants will learn casting techniques for lake and river fishing, how to choose and maintain equipment, varieties of flies and the insects they imitate, and how to read water. **THIS SESSION REQUIRES A VALID FISHING LICENSE**

BB. Pursuing the Prey

Want to know more about hunting? Participants will learn about scouting, tracking, hunting ethics and the pure enjoyment of all aspects of the hunt. Walk along a trail and encounter *shoot/don't shoot* simulations, cross fences and hunt from a boat. (No actual shooting in this class)

CC. Wild Edibles

Discover the tastiness of Iowa's wild bounty, whether it be nuts, berries, fish or fowl. Learn where to look and how to harvest various plants, as well as how to preserve and prepare Iowa's wild edibles, including fish and wild game. Participants will receive plenty of recipes and ideas.

DD. Lake Fishing

Head to nearby Springbrook Lake for a chance to learn fish habits and habitats, how to clean fish, safety around water and casting techniques. A quick overview of equipment before hopping aboard a two-person Bass Buggy for some actual fishing. (Not required, but course C will prepare you more for this session).

THIS SESSION REQUIRES A VALID FISHING LICENSE

EE. Waterfowl Hunting

Learn more about this intriguing sport. This class will cover waterfowl hunting equipment, methods, laws as well as choosing a hunting area, setting up, calling ducks and geese, and dog work.
