MEMO

TO: All Iowa Certified Groundwater Professionals
FROM: Elaine Douskey, Supervisor -- Underground Storage Tank Section
DATE: October 15, 2009
SUBJECT: Courtesy Notice -- Continuing Education

Please be advised that your current Iowa Certified Groundwater Professional certificate will expire on December 31, 2009.

Certification must be renewed biennially by January 1 of each even-numbered year. Application for renewal must be submitted prior to the expiration date accompanied by the certification fee and proof of completing the continuing education requirements in 567--134.3(5) (455B) of the Iowa Administrative Code. Renewal applications are available on our website:

<http://www.iowadnr.gov/land/ust/cgwp/ustcgwpindex.html>

This reminder notice is for the 2008-09 certification period. At least 12 CEUs must be earned before December 31. The chart below shows the number of CEUs we currently have listed for you on our database.

During the last renewal period a number of people submitted applications along with requests for review and approval of courses for CEUs after or very close to the renewal deadline. In some cases the courses did not qualify, and the applicant's renewal was denied. This situation can be avoided by seeking departmental approval well before the end of the renewal period (see 134.3(5)b). Also be advised that applicants who do not meet the renewal requirements (e.g., late submittals or shortage of CEUs), must reapply in order to work as a Certified Groundwater Professional in Iowa.

Renewal CEUs must be applicable to the assessment and cleanup of LUST sites. If you plan to attend classes you think might qualify for CEUs, simply fax (515-281-8895) or email a class summary and agenda (i.e., 9:00-10:00 we study this,

10:00-11:00 we study that, etc.) and we will let you know how many CEUs could be granted for attending.

If you have any questions, please call or email Sherry Blaisdell at 515/281-8865; sherry.blaisdell@dnr.iowa.gov
