DECISION

TOPIC

Concession Contract Amendment – Lake Wapello State Park

Staff in the parks bureau central office received a request for concession operator, Joe Pisarik, to manage the beach house open shelter rental at the park in addition to the concessions he already manages. Mr. Pisarik is currently responsible for maintaining the beach shelter, beach concession area and adjoining beach. Management of the beach shelter rentals is a natural fit with the current concession operation in place. The concessionaire would pay the State 50% of all shelter rental fees for years 2007, 2008, 2009, 2010.

Commission approval is requested for an amendment to the existing Lake Wapello concession contract to allow for managing of the beach house open shelter rentals, in addition to terms of the existing contract.
