

# Old River . . . New

(collaborative lyrics, Project AWARE *Streamusic* 2009)

One day it happens, the next day there's two . . .  
then a week in the summer: it's the least we can do . . .

Wait til you see what canoes can do . . .  
hands in the water til the water gets blue . . .  
wait til you see what canoes can do: old river . . . new.

Sooner or later, we each take a stand . . .  
for or against it: air, water, and land . . .

Wait til you see what canoes can do . . .  
hands in the water til the water gets blue . . .  
wait til you see what canoes can do: old river . . . new.

Too many secrets in the water . . .  
Maybe it's time we all come clean.

Wait til you see what canoes can do . . .  
hands in the water til the water gets blue . . .  
wait til you see what canoes can do: old river . . . new.

Paddling downriver, we clean til it's right . . .  
then maybe a campfire: we'll laugh and sing into the night . . .

Wait til you see what canoes can do . . .  
hands in the water til the water gets blue . . .  
wait til you see what canoes can do: old river . . . new.  
Wait til you see . . .
