Re: IAC 567 Chapter 101 Rulemaking – Public Comment Period Extension

The public comment period for Chapter 101 was to expire on November 25th. However, as the department is currently soliciting informal feedback from the public regarding upcoming rulemaking to Chapter 114 for construction and demolition (C&D) landfill disposal sites that may impact the comments received for Chapter 101, the public comment period for Chapter 101 is being extended. The comment period for Chapter 101 will be extended so that it coincides with the public comment period for Chapter 114. Formal rulemaking for Chapter 114 is expected in January with a public comment period end date in April. Therefore, comments on the Chapter 101 revisions would be extended through this time period as well.

The department will still hold the Chapter 101 public hearing on November 25, 2008 from 1:00 to 3:00 p.m. in the Fifth Floor East Conference Room of the Wallace State Office Building, as detailed in the Notice of Intended Action published on November 5, 2008.

A second public hearing for Chapter 101 will be held in conjunction with the hearing for Chapter 114 in April for those who wish to make their comments orally.
