Mr. Chad A. Stobbe
Land Quality Bureau
Iowa Department of Natural Resources
502 East 9th Street
Wallace State Office Building
Des Moines, Iowa 50310-0034

Dear Mr. Stobbe:

I have seen positive results this year from using Hormel foods by-product on my agricultural land. The crops look good. I want to have the ability to use this byproduct in the future and have heard you will be eliminating the regulations that make it possible.

Please keep Chapter 121 regulations in place. I like what I have seen and believe the environment is better off for it.

Sincerely,

Reid Klapperich
