Iowa Department of Natural Resources
Wallace State Office Building
502 East 9th Street
Des Moines, IA 50319

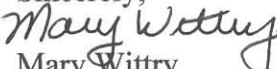

Dear Brian:

At the ISOSWO monthly meeting on Friday, December 1, 2006, the following proposed addition to 113.2 was approved unanimously by the board members present. The Board will be sending consensus statements as they are developed in an effort to streamline review of comments.

113.2(10) Plan to achieve compliance:

- a. Existing MSWLF units that are not planning to close by October 1, 2007 shall submit an Implementation Plan to the department within 180 days of the effect of these rules that identifies how the MSWLF shall achieve compliance with the rules.
- b. The plan shall include a compliance schedule not to exceed three years from the date the implementation plan is approved by the Department.
- c. This does not preclude compliance with subrule 113.7(5).

If you have any questions please feel free to call me at 712.792.5001 or Hal Morton, ISOSWO Technical Chair at 319.753.8126.

Sincerely,

Mary Wittry
ISOSWO President
