Difficulty
(Low) ↑ (High)

(Short) → Time involved → (Long)

Our charge

- Make recommendations for creating & enhancing comprehensive sustainable recycling programs.
- Recommendations may include
 - Methods of collecting & paying for the recycling of residential, industrial, and commercial waste
 - Mechanisms for increasing the recycling of construction and demolition waste & proper disposal of household-generated medical sharps
 - Incentives for increasing the recycling of yard waste, food or other organic waste, hazardous household waste, and electronic waste.

House File 826

Begin to collect/record

- KISS principle: plain talk
 - If you use technical vocabulary/jargon--define
- Begin to collect/record
 - Resources (bibliography, references, document cross-references, etc.
- Glossary
