One typical file cabinet drawer holds approximately 3,000 pages of documents. The 6 Field Offices estimate 494 drawers of AFO/MMP files = 1,482,000 pages of documents

1,482,000 pages = **2,964 reams of paper** = 296 paper cartons = 14,820 lbs

Estimated market ready hog weighs 250 lbs = **60 hogs in paper weight**, approximately 10 per field office

Line up 8.5” x 11” paper end-to-end = 16,302,000 inches long = **1,358,500 foot long subs**

Or 257.3 miles which would be approximately from Davenport, IA to Walnut, IA

Stacked on top of each other, 2,964 reams of paper 2” thick = **494 feet tall**

AFO File Record Retention 4 year – on average **308 lbs of paper recycled per month**
AFO/MMP File Count & Calculation

FO1  17 – 4 drawer cabinets, 1 – 2 drawer cabinet, 3 boxes
FO2  11 – 4 drawer cabinets, 60 perm boxes, 25 cycle boxes
FO3  15 – 5 drawer cabinets, 13 – 4 drawer cabinets
FO4  11 – 5 drawer cabinets
FO5  5 – 5 drawer cabinets  (several boxes approx. 20)
FO6  13 – 4 drawer cabinets

Total:  5 drawer cabinets = 15 +11+5  +13=  44 x 5 =  220 single drawers
        4 drawer cabinets =  17+ 11+13=  41 x 4 = 164 single drawers
        2 drawer cabinets = 1 = 2 single drawers
        Boxes = 3 + 25 + 60 + 20 = 108 single drawers*

*box numbers are estimates

All Field Offices = 494 single drawers
