Mr. Jim McGraw & Stakeholder Group
Iowa Department of Natural Resources
Air Quality Bureau
7900 Hickman Road, Suite 1
Windsor Heights, IA 50324

Dear Mr. McGraw and Stakeholder Group:

My recommendations to the group for implementation in the next year's budget and going forward is to initiate a notification fee of \$100.00 per project notification to fund the budget shortfall of the DNR Air Quality Bureau. This fee times the number of notifications of 4,000 per year would generate approximately \$400,000.00 in revenue.

The revenue generated from notification fees could be used to fund the NESHAP program and provide for an approximate five percent increase in field inspections throughout the state.

If you have any questions, please do not hesitate to call.

Sincerely,

Mark Hogan
President
