

2014 Summary of States' Responses to Permit Fee Survey

Iowa Project Definition	Project Type (Question 3 on survey)	Alabama	Delaware	Illinois*	Minnesota*	Nebraska*	New Mexico	South Dakota	West Virginia*	Wisconsin	Arkansas	Colorado*	Missouri	Kansas	Project Cost	Average (Not incl AR, CO, KS, MO, SD, or WI)	Project Cost / 3 permits	Average (Not incl AR, CO, KS, MO, SD, or WI)
															Average ^{1, 2}		Average ^{1, 2} Per Permit	
Registration permit	a. A registration permit with little or no review.	\$1,000	\$0	\$235	\$570	\$875	\$500	\$125	\$375	\$400	\$200	\$700	\$700	\$0	\$516	\$508	\$516	\$508
Standard	b. A new facility not subject to Title V or PSD with three emission points.	\$7,055	\$1,140	\$6,250	\$14,250	\$875	\$6,502	\$125	\$1,000	\$11,400	\$22.97 per ton of allowable emissions	\$152.90 + \$76.45/hour	\$100 + \$50/hour (most below \$1,000)	\$100 + .05% of capital cost	\$5,400	\$5,296	\$1,800	\$1,765
Complex	c. A new facility not subject to Title V or PSD with three emission points involving one NSPS and one NESHAP determination.	\$11,715	\$1,140	\$6,250	\$19,950	\$875	\$11,670	\$125	\$4,500	\$12,400	\$22.97 per ton of allowable emissions	\$152.90 + \$76.45/hour	\$100 + \$50/hour (most below \$2,000)	\$1,500 + .05% of capital cost	\$7,625	\$8,014	\$2,540	\$2,671
Complex	d. An existing facility subject to Title V and PSD with three new emission points that require limits on three pollutants to avoid Title V and/or PSD (synthetic minor).	\$7,110	\$1,140	\$8,000	\$12,825	\$1,500	\$1,945	\$125	\$1,000	\$19,400	\$22.97 per ton of allowable emissions	\$152.90 + \$76.45/hour	\$100 + \$50/hour (most below \$2,000)	\$1,500 + .05% of capital cost	\$5,894	\$4,789	\$1,960	\$1,596
PSD	e. An existing PSD-major facility with a PSD major modification for three pollutants involving three emission points all subject to one NSPS and one NESHAP.	\$24,060	\$1,020	\$14,000	\$21,375	\$3,000	\$40,735	\$125	\$7,500	\$44,400	\$22.97 per ton of allowable emissions	\$152.90 + \$76.45/hour	\$100 + \$50/hour (\$20,000 - \$40,000)	\$1,500 + .05% of capital cost. \$4,000 (maximum fee)	\$17,357	\$15,956	\$5,790	\$5,319
PSD	f. New EGU	\$20,480	\$1,455	\$14,000	\$29,925	\$3,000	\$40,735	\$125	\$13,500	\$64,000	\$22.97 per ton of allowable emissions	\$152.90 + \$76.45/hour	\$100 + \$50/hour (\$100,000+ based on recent permitting)	\$1,500 + .05% of capital cost. \$4,000 (maximum fee)	\$20,802	\$17,585	\$6,930	\$5,862
Annual or Emission Fees (non-Title V)	Annual/Emission Fees			\$235 - \$4,112 for non-Title V	\$25-\$140 (small sources) \$85.17/ton	-		\$125-\$1,250		\$400 - \$4,100 for non-Title V; \$960 - \$46,980 for Title V	\$22.97 per ton of allowable emissions	\$22.90 for criteria pollutants/\$152.90 for HAPs	Annual flat fee of \$300-\$400 asphalt & rock crushers.					

*Some Information was provided in a range of costs. The average amount is listed.

1: The average for registration permits includes all States except Delaware and Kansas which do not have a fee.

2: Standard project, complex project, and PSD project averages include all States except Arkansas, Colorado, Missouri, and Kansas.

2014 Summary of States' Responses to Permit Fee Survey

Iowa Local Program Permit Fees

Iowa Project Definition	Iowa Local Programs	Linn County Construction Permit Fee	Linn - Annual Fees	Polk County Construction Permit Fee	Polk - Annual Fees
Standard	b. A new facility not subject to Title V or PSD with three emission points.	\$600	\$270	\$358 per application minor source	\$216
Complex	c. A new facility not subject to Title V or PSD with three emission points involving one NSPS and one NESHAP determination.	\$600	\$270	\$358 per application minor source	\$216 - \$1,725, based on type of source
Complex	d. An existing facility subject to Title V and PSD with three new emission points that require limits on three pollutants to avoid Title V and/or PSD (synthetic minor).	\$600	\$270	\$431 per application major source	\$216 - \$1,725, based on type of source
PSD	e. An existing PSD-major facility with a PSD major modification for three pollutants involving three emission points all subject to one NSPS and one NESHAP.	\$600	\$270	Permit would be processed by Iowa DNR, local fee doesn't apply.	If a Title V facilities, fees are exempt
PSD	f. New EGU	\$600	\$90	Permit would be processed by Iowa DNR, local fee doesn't apply.	If a Title V facilities, fees are exempt
