

**IOWA DEPARTMENT OF NATURAL RESOURCES
APPLICATION FOR
COMMERCIAL SEPTIC TANK CLEANER
Annual License Period July 1st – June 30th**

- New License
- Renewal ST-

_____ (Last year's license number)

Business Name: _____

Business Address: _____

City: _____ **State:** _____ **Zip:** _____

County: _____ **Telephone Number:** _____

Number of Vehicles: _____

(Any device, including trailers, used to transport a tank for collecting or applying septage)

Septage includes all waste pumped from septic tanks, holding tanks and portable toilets. Iowa code requires that septage to be taken to a Wastewater Treatment Plant or land applied according to 567, chapter 68. (Note: Portable toilet and holding tank septage cannot be land applied).

Using previous yearly totals, estimate the amount of septage that will be pumped from July 1st to June 30th and fill in the following information:

a. Amount of septage that will be taken to a Wastewater Treatment Plant: gallons

b. Amount of septage that will be Land Applied: gallons

Total Volume of Septage that will be pumped (Add together items **a and **b**):** gallons

Use these numbers for the Waste Management Plan on page 2.

I understand that violations of any of the provisions of 567 IAC Chapter 68 may lead to revocation of the license. I hereby certify that this application contains no willful misrepresentations or falsification and that the information given by me is true and complete to the best of my knowledge and belief. I am aware that should investigation at any time disclose any such misrepresentation or falsification, my application will be rejected, my license will be revoked, and I will be disqualified from applying in the future for any license or certification under the jurisdiction of the Iowa Department of Natural Resources.

Iowa Department of Natural Resources
Commercial Septic Tank Pumper Licensing
Waste Management Plan

All calculations and estimates should be based on the annual period of July 1st to June 30th.

1. ~~Attach records from previous years work (estimates for this application will be made from these records.)~~ No longer required.

2. List each Wastewater Treatment Facility that will be used and the amount of septage that will be disposed there. **A letter of acceptance from the owner of each facility must be included with this application.**

- a. Site _____ Volume _____ gallons
- b. Site _____ Volume _____ gallons
- c. Site _____ Volume _____ gallons
- d. Site _____ Volume _____ gallons

Total volume of septage that will be taken to a Wastewater Treatment Plant: gallons

3. List each site where septage will be land-applied. **Attach a separate site record sheet for each site.** (A record sheet is not needed for septage spread on a septic owner's property.)

- a. Site _____ Amount _____ gallons
- b. Site _____ Amount _____ gallons
- c. Site _____ Amount _____ gallons
- d. Site _____ Amount _____ gallons
- e. Site _____ Amount _____ gallons
- f. Site Volume to be spread on septic owner's land: _____ gallons

Total volume of septage that will be land-applied: gallons

4. Total volume of septage that will be pumped this annual period: gallons

- 5. Where the form does not allow adequate space, please attach additional pages.
- 6. During the licensed annual period, any modifications or changes to the disposal sites, both public and private, will require the submission of an amended Waste Management Plan.

Iowa Department of Natural Resources Septage Disposal Site Record

A separate Site Record sheet is needed for each site that will be land-applied upon.

Site Address: _____ Reporting year: _____

Location: _____ $\frac{1}{4}$ _____ $\frac{1}{4}$ _____ $\frac{1}{4}$ of Sec _____ Twp _____ Range _____ County: _____

Field Number or ID: _____

Total Acreage of Site: _____

Iowa code limits septage land-application to 30,000 gallons per acre of cropland per 365-day period. A crop capable of using the nitrogen applied must be grown and harvested from the site after application of the maximum allocation of 30,000 gallons or, at a minimum, every third year.

Describe the site. Include which areas will be land-applied on, type of application that will be used, when and where crops will be planted, and harvesting schedules.

Application Date	Applicator (init.)	Acreage of Area to Which Septage was Applied	Location of Area within the Site	Gallons Applied	Total Gallons Applied Year to Date
