CAMPING GENERAL INFORMATION

Camping is permitted in designated campgrounds only. All campers must register. Registration must be in the name of a person aged 18 or older who will occupy the camping unit for the full term of the registration. Campers may register for more than one day at a time; however, campers are not allowed to stay in a state park, recreation area or state forest for more than 14 consecutive nights. Campsites are considered occupied and registration complete when a registration slip has been placed in the campsite post and payment completed.

Campers are furnished with an area to camp, drinking water (where available) and sanitary facilities. The use of one picnic table per camping unit is permitted. Camping units can use only the electric hook-up designated for their site. Extension cords cannot run from one site to another. Each camping unit is allowed to park one vehicle not being used for camping purposes at their site. Some parks allow a second vehicle to be parked at a campsite and is posted at the campground. All other non-camping vehicles must immediately be placed outside the campground in specially designated parking lots.

Camping is restricted to one basic camping unit per site except that an additional small tent no larger than 8’x 10’ in size may be placed on the site and the tent shall hold no more than four people.

No more than six persons shall occupy a campsite except the following:
• Families that exceed six persons may be allowed on one campsite if all members are immediate family and cannot logically be split to occupy two campsites.
• Campsites that are designated as chaperoned, organized youth group campsites.

Campers on first-come, first-serve sites must vacate or re-register by 4:00 p.m. on their last day. Check-in time for reservable campsites is 4:00 p.m. Check-out time is 3:00 p.m.
CAMPING RESERVATION INFORMATION

Because of unpredictable winter weather, campers may not make reservations for camping stays that occur between November 1 and March 31 each year. Campgrounds are available during this time period on a first-come, first-serve basis.

From May 1 to September 30, campers are required to stay a minimum of two nights (Friday and Saturday) for a weekend stay. Memorial Day holiday weekend, Fourth of July and Labor Day holiday weekends will require a minimum three night stay. From October 1 to April 30, there is no minimum stay required.

REGISTRATION PROCEDURE FOR FIRST-COME, FIRST-SERVE CAMPSITES AND WALK-IN CAMPING ON UNRENTED RESERVABLE CAMPSITES

All state park, recreation area and forest campgrounds incorporate a self-registration procedure. Instructions are posted at depositories located at campground entrances. Campers must register within one-half hour of entering the campground. Walk-in campers may occupy an unrented reservable campsite beginning at 10:00 a.m. and may register on a night-to-night basis only. This is due to the rolling reservation window for reservable campsites. Walk-in campers should check the arrival roster daily at the kiosk or check-in station for reservable campsite availability.

CHAPERONED ORGANIZED YOUTH GROUP CAMPSITES

Most parks have a designated “chaperoned organized youth group campsite(s),” which is available for use by chaperoned organized youth groups only. The nightly fee for a chaperoned organized youth group campsite is $15 (tax included). Groups may reserve these campsites three months in advance. There is no two-night minimum stay required for these campsites.

Campsite capacity varies from park to park and site to site. It is recommended that you contact the park office if you have any questions about campsite amenities available and any restrictions regarding the number of tents allowed.

CAMPING FEES

In Iowa state parks, recreation areas and state forest campgrounds, Golden Age and other camping discounts are not honored. The one exception is DNR camping coupons, which can be purchased from the park office at each state park or recreation area or by contacting the DNR, Wallace State Office Building, 502 East 9th Street, Des Moines, Iowa 50319-0034.
Modern campgrounds are camping areas that have showers and flush toilets. These campgrounds may or may not have electrical campsites and full hookup campsites. Nonmodern campgrounds are camping areas that do not provide showers and provide only pit-type latrines or flush-type toilets. Water and electrical campsites may or may not be available in these areas. For more information about campsites, please visit the online reservation system at www.iowastateparks.reserveamerica.com

**CAMPING COUPON BOOKS**

A book of seven camping coupons can be obtained for $91 from any state park office or from the DNR Central Office, Wallace State Office Building, 502 East 9th St., Des Moines, Iowa 50319-0034. The coupons are used in lieu of
payment by cash or check. Coupon books are valid for one year from the date of purchase. The price of the coupon books includes tax.

Coupons save the user approximately $3 per night in a modern campground during the peak season on an electrical site. Be sure to check the amount of the total camping fee for your chosen site to determine if there will be a savings by using the coupon. Use of the coupon for camping on a site with a camping fee less than the value of the coupon will not result in a refund or credit.

The camping coupon does not cover additional fees such as water and sewer hookup, cable, or equestrian fees. Camping coupons cannot be used when making campsite reservations.

**GROUP CAMP RENTAL**

Two of Iowa’s state parks offer group camps, available for reservation through the individual park offices. Reservations may be made starting the first business day after January 1, with organized youth groups having priority on reservations. Each group camp is slightly different, one (Dolliver Memorial) offering cabins for lodging and the other (Lake Keomah) offering a dedicated group camping area adjacent to the dining/restroom building.

**Dolliver Memorial State Park**
Cabins for organized youth groups and other groups are located at Dolliver State Park. The renter is provided complete dining accommodations, including all dishes and cooking utensils plus centrally located flush toilets and showers. Renters must provide their own bedding, pillows, bath towels, toiletry items and food. All registrations must be in the name of a person aged 18 or older who will be present for the full term of the reservation.

Before receiving confirmation, a reservation deposit of $60 for organized youth groups and $45 for other groups is required. This reservation deposit will be applied toward the total rental fee due. Upon arrival for the rental period, a damage deposit of $50 is required.

When renting to organized youth groups, the cabin rate is $2 per person per day, with a minimum total charge of $60 per day. For other groups, the fee is $15 per cabin per day plus $30 per day for the kitchen and dining facility. The rental fee payment plus tax is due when the rental period is completed.

**Lake Keomah State Park**
The dining/restroom building and adjacent camping space are available for reservation by organized groups. A rental fee for the building and applicable camping fees apply. A reservation deposit of $40 is required when making a reservation. A damage deposit of $50 is due upon arrival for the rental period. The total remaining rental fee plus tax is due when the rental period is completed.
The dining/restroom building may be rented for day-use only for a fee of $90 per day plus tax, only if the park’s day-use lodge is not available that day. In this situation, the entire rental fee plus tax is due when the reservation is made, and a $50 damage deposit is due upon arrival for the rental period.
