**REVISED WATER LINE - UTILITY NOTIFICATION FORM  
(DNR Form 543-1531)**

The referenced notification, DNR Form 543-1531, has been revised to include the new Tier 1 target levels for water line receptors. Effective immediately please begin using this revised form to provide the required notification to water supplies, either public or private, which provide drinking water to the area found to be impacted by a release from a petroleum underground storage tank system. A copy of this revised LUST form is available at <http://www.iowadnr.gov/InsideDNR/RegulatoryLand/UndergroundStorageTanks/LeakingUndergroundTanks/LUSTForms.aspx>
