

Date: February 28, 2023

Groundwater Professional Certification Renewal Year 2023

Groundwater Professional certifications will expire on December 31, 2023. Certification must be renewed by January 1, 2024. Proof of completing 12 hours of continuing education units (CEUs) must be submitted with the renewal application.

Groundwater Professional Certification Renewal applications are due December 1, 2023:
<https://www.iowadnr.gov/Environmental-Protection/Land-Quality/Underground-Storage-Tanks/Groundwater-Professionals>

CEUs are available through in-person events and on-line training opportunities but documentation of participation (e.g. training certificate, sign in sheet, written proof of registration and attendance) must be provided. Please see DNR's Groundwater Professional Bulletin Board for a listing of courses currently approved for CEUs:
<https://www.iowadnr.gov/gwbb>

Courses not listed may also qualify for CEUs. Topics must be applicable to assessment and cleanup of LUST sites. If you plan to attend a class you think might qualify for CEUs, email the course agenda and we will let you know how many CEUs could be granted for attending.

If you have questions on your current record of CEUs, or the renewal process in general, please call or email Ruth Hummel at 515/725-8328; ruth.hummel@dnr.iowa.gov.

The following table provides information from DNR records on groundwater professional CEUs earned to date for this renewal period.
