

Waste Commission of Scott County EMS Fenceline

The fenceline for the EMS is Waste Commission of Scott County's facilities and the programs and services provided through those facilities. These include:

- **Scott Area Landfill, 11555 110th Avenue, Davenport, Iowa.** Services and programs at Scott Area Landfill include: operating a Subtitle D landfill, methane collection system, leachate recirculation, monitoring a closed landfill, appliance demanufacturing, tire recycling, pesticide container recycling, asphalt shingle recycling, C&D recycling, scrap metal recycling, automotive fluid and battery recycling, maintenance of fleet and additional programs to encourage reduction of waste or toxicity in the landfill.
- **Scott Area Recycling Center, 5640 Carey Avenue, Davenport, Iowa.** Services and programs at Scott Area Recycling Center include: processing of residentially-generated curbside recyclables from communities in Scott County and collecting and processing materials from drop-off recycling containers at Scott Area Recycling Center, Scott Area Landfill, West Lake Park, Scott County Park and Allied Waste. The facility also provides oil, oil filter and antifreeze recycling, and environmental education and outreach.
- **Electronic Demanufacturing Facility, 1048 East 59th Street, Davenport, Iowa.** This facility accepts, demanufactures and markets electronic waste from residents and businesses in eastern Iowa, western Illinois and beyond.
- **Household Hazardous Material (HHM) Program.** Permanent Facility, 11555 110th Avenue, Davenport, Iowa. This facility accepts hazardous material from Scott County Iowa and Rock Island County Illinois residents and Conditionally Exempt Small Quantity Generators (CESGQ) by appointment. This facility is used to sort the material, test, lab pack, bulk and ship. The HHM program also includes a Product Exchange Facility where customers may take, at no charge, HHM that has been deemed reusable. Satellite Facility, 5640 Carey Avenue, Davenport, Iowa. This facility accepts HHM from residents of Scott and Rock Island County by appointment. The material is then transported back to the Permanent Facility.

The Commission has 26 employees and contracts with Handicapped Development Center for 7 FTEs for sorting materials at the Scott Area Recycling Center.
