

Mentor/Instructor

The Springbrook Conservation Education Center is seeking
MOTIVATED AND OUTGOING INDIVIDUALS
interested in Mentoring or Instructing at the Hunting and Conservation Camp

Mentors –

Mentors get a three-day all expenses paid (food and lodging) experience while enjoying the great outdoors with young men from all over the state of Iowa. Mentors truly make our programs flow smoothly and make a difference in what the young men learn from this experience.

The responsibility of each mentor is being part of a group during the day by making sure that the participants make it to their scheduled activities and at night they are with the participants in the dorms. **The most important responsibility of the mentor is to participate with and to make sure everyone is enjoying their new experiences.** The mentors must be at least 18 years of age. We look forward to your participation. Please complete this form along with the background form and return it to the address below as soon as possible.

Please mark the program that best fit your schedule for mentoring this year:

Hunting and Conservation Camp for Boys (male chaperones only): June 22 - 24, 2016

Hunting and Conservation Camp for Boys (male chaperones only): July 27 - 29, 2016

Instructors-

Instructors share their specific skills with young men by leading or participating in one specific skill area. This may include teaching about shotguns, muzzleloaders, .22 rifles, archery, or some other outdoor skill area. It is very rewarding to see the smiles of first time shooters and the energy is contagious!

Please mark the dates that best fit your schedule for instructing this year:

June 22 June 23 June 24 July 27 July 28 July 29

Mentor Volunteer Form
