2437 160th Rd, Guthrie Center, IA 50115

Welcome to Springbrook State Park. Springbrook encompasses 825 acres of rolling hills, mature timber, small lake and abundant wildlife. The park is nestled between numerous small communities which provide a variety of dining, shopping and other recreational opportunities. Whether you are here to hike, fish, camp or hunt we welcome you and hope you enjoy your stay!

PARK AMENITIES/POINTS OF INTEREST/THINGS TO DO

The Springbrook campground offers a large number of campsites including most with electrical hook-ups. Within the campground is sand volleyball, basketball, horseshoes and a playground. Near to the campground is an organized youth group camping area.

Springbrook has approximately 5 miles of hiking trails that can either challenge your athletic ability or provide a casual stroll through timber and prairie areas.

The 17-acre lake has a beach and swimming area for those who would like to relax by the water on a sunny afternoon. If you would like a break from the sun you can relax or have a picnic at the beach shelter house or go for a stroll around the lake on one of the trails. The lake has three jetties, three boat docks and a boat ramp to provide access to the lake and the fishing opportunities it provides. Anglers will find crappie, largemouth bass, bluegill, sunfish and catfish.

Both the beach shelter house and the CCC shelter may be reserved for special events or family gatherings.

The Sherburne House, a 10-acre addition to Springbrook, is available for reservations year round. It has four bedrooms, three bathrooms, two living rooms, a full service kitchen and sleeps 10 - 14. This getaway is nestled in a wooded area on the park's west side, with a scenic overlook and great opportunities to view wildlife. It is the perfect place for a small reunion or family weekend retreat.
