

RESPONSIBLE OFFICIALS: MANAGING ASSOCIATED CONSULTANTS AND PREPARERS TO PREPARE ONLINE AIR QUALITY PERMIT APPLICATIONS

1. **Login and Navigate to the "My Account" Tab:** This is located to the right of the "My Dashboard" tab (Figure 1).

Figure 1

Provide Access to Consultants and Preparers: Under Profile Management, the [Manage Consultants and Preparers](#) section allows the Responsible Official (RO) to manage a list of associates (consultants and/or preparers) to help prepare Air permit applications. This section describes how a RO will associate and disassociate a preparer for his/her facility.

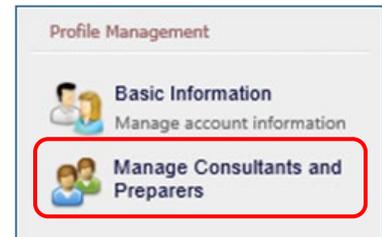

Figure 2

2. **Add Preparers:** By clicking the [Manage Consultants and Preparers](#) link (Figure 2) associated with their account.

If no one is identified, the list will be blank (Figure 3).

Click the **Add User** button.

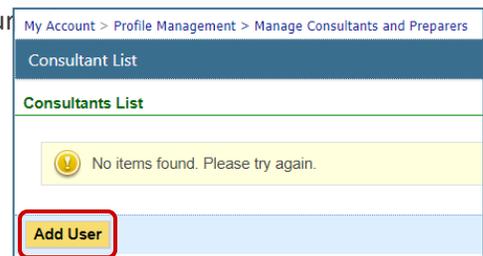

Figure 3

3. **Validate a New Preparer:** The system first prompts for the preparer's email address which means the preparer must have an account in EASY Air. Next, EASY Air asks for the effective or start date (required) and expiration date (optional) of this association (Figure 4).

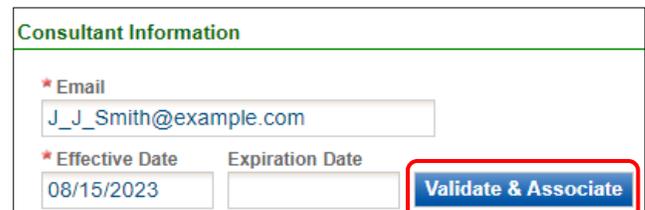

Figure 4

Enter a start date (Effective Date) and click the **Validate & Associate** button.

4. **Save the Preparer's Email & Date and Add Authorizations:**

Click the **Save** button (Figure 5).

Select Facility and Type of Access:

The RO needs to add Authorized Submittal Types for the preparer.

'Application Authorization' defines the facility(s) and the application type(s) the preparer is allowed to work on (choose from 2 Title V & 15 Construction application types and permission access).

Click the **Add Authorizations** button.

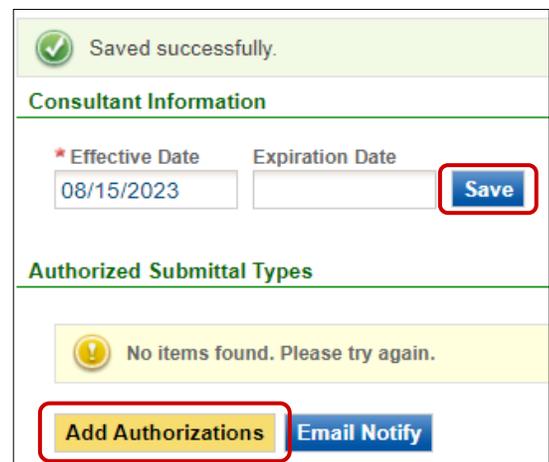

Figure 5

5. **Check All Facilities and Permit Types that Apply:** This screen (Figure 6) shows all of the facilities and application types the RO wishes to assign to the Preparer.

IMPORANT

Check the boxes for App Name & Type, the Facility and the Prepare Only radio button for Permission.

All 3 items must be selected or the Preparer will not be able to access the facility or applications.

Click the **OK** button to proceed.

App Name	Type	Facility	Permission	Notes
<input checked="" type="checkbox"/> Construction Rescission	Construction Program	<input checked="" type="checkbox"/> IOWA EASY AIR TEST SITE	<input type="radio"/> Prepare Only	
<input checked="" type="checkbox"/> Construction Standard Application	Construction Program	<input checked="" type="checkbox"/> IOWA EASY AIR TEST SITE	<input type="radio"/> Prepare Only	
<input checked="" type="checkbox"/> Start of Construction	Construction Program	<input checked="" type="checkbox"/> IOWA EASY AIR TEST SITE	<input type="radio"/> Prepare Only <input checked="" type="radio"/> Prepare and Submit	
<input checked="" type="checkbox"/> Start of Operation	Construction Program	<input checked="" type="checkbox"/> IOWA EASY AIR TEST SITE	<input type="radio"/> Prepare Only <input checked="" type="radio"/> Prepare and Submit	
<input checked="" type="checkbox"/> Title V Application	TV Program	<input checked="" type="checkbox"/> IOWA EASY AIR TEST SITE	<input type="radio"/> Prepare Only	

Figure 6

6. **Save and Notify Preparer:** Once the association(s) are done, **Save** the consultant information (Figure 7) and then click the **Email Notify** button to alert the new Consultant / Preparer of their access.
