Keynote Sessions

Global Energy Trends and Why Energy Efficiency is your Best Investment

Energy Policies that can Move Iowa Forward

Dr. Eric Woodroof is passionate about saving energy and helping our environment. He will provide insights on practical, guaranteed ways to do energy management. Dr. Woodroof has identified/developed energy projects that are financially attractive, thereby making businesses more cost-competitive and “green”. As a strategic advisor, project developer, expert witness, trainer and keynote speaker, Dr. Woodroof openly shares best practices. These ideas help his clients improve profits while also helping the planet! Join us March 24th at the Embassy Suites in Des Moines, Iowa.
