TO: Governor Kim Reynolds
W. Charles Smithson, Secretary of the Senate
Meghan Nelson, Chief Clerk of the House
Marcus Branstad, Chair of the Natural Resources Commission

As required by Section 455A.17, Code of Iowa, I present you with the report of the 2024 Resource Enhancement and Protection (REAP) Congress which was conducted on January 20, 2024 in the chambers of the House of Representatives.

54 of the 90 delegates attended REAP Congress. Those delegates were elected by 431 Iowans in the fall during 19 regional assemblies conducted throughout the state. For the first time, REAP Congress was postponed from its originally scheduled date of January 13, 2024 due to severe winter weather and unsafe travel conditions affecting all of Iowa. Due to postponement, many of the delegation were unable to attend.

Iowans strongly believe that REAP can be one of the state's most important tools to stimulate economic development, improve health and their quality of life. The 2024 REAP Congress took a number of actions in this regard.

Chief among these actions are to fully fund REAP at \$20 Million, retain the current formula for distribution of the REAP funds, eliminate the REAP sunset date and thank the Governor and General Assembly for their continued dedication to protecting the REAP Program.

REAP is recognized as Iowa's primary local funding program for natural and cultural resources. Public participation, culminating in actions by the Congress, makes it a truly grassroots led program. The delegates thank you for the support you have given and request your continued support of REAP in the future.

Sincerely,

Kayla Lyon, Director
Iowa Department of Natural Resources

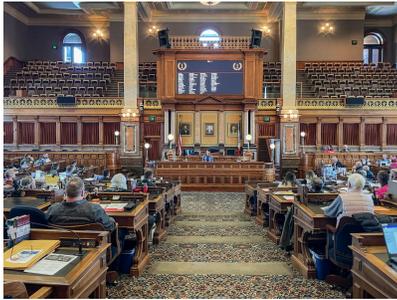

2024 REAP Congress
January 20, 2024
House of Representatives Chambers

Roll Call

55 of the 90 delegates to the REAP Congress attended. The delegates were elected by 431 Iowans in the fall of 2023 during 19 regional assemblies conducted throughout the state. A list of the Delegates by County is included at the end of this report (attachment 2).

Opening Remarks

Michelle Wilson, REAP Coordinator, called the Congress to order at 9:45 a.m. and prepared them for their deliberations.

The Department of Natural Resources Director, Kayla Lyon gave the opening welcome including an update on outdoor recreation and its importance to Iowans and the state's economy based on recent data found in the State Comprehensive Outdoor Recreation Plan. Kevin Beichley with the Department of Transportation Administrative Services Division, Finance Bureau also provided information on the value of REAP on the variety of trail systems throughout the state, REAP license plates, and the vegetative roadside management through the Living Roadway Trust Fund. Since adopted, over 50,000

acres of roadsides have been put back into prairie habitat that provides safety as a natural snow fence, as witnessed during the most recent severe weather, as well as aesthetics during our spring and summer months.

Election of Congress Chair

Rod Marlatt of Fayette County was elected unanimously. Chair Marlatt set his expectations for the day, to have a unified voice and asked the body to keep the conversation and motions germane to the Resource Enhancement and Protection Fund. Chair Marlatt chose to not be a voting member of the delegation.

2024 REAP Assembly Report

During September and October 2023, 19 Resource Enhancement and Protection (REAP) assemblies were conducted throughout Iowa. REAP Assemblies are required, per Iowa Code Chapter 455A.17, to be conducted on odd numbered years to provide attendees with information about REAP expenditures, ask attendees to identify opportunities or changes in policy, programs or funding, vote on motions for the five elected delegates per region to vote on at REAP Congress. 431 Iowans participated in the REAP assemblies.

In addition to electing delegates, the participants made 81 motions that were forwarded to REAP Congress for consideration at their January 20, 2024 gathering. Out of those assembled in the fall of 2023, 42% were new to REAP and were attending their first REAP Assembly. A majority of the delegation stood when Michelle Wilson, DNR REAP Coordinator, asked members to stand if they were new to REAP and if it was their first time attending REAP Congress (photo at right).

Individual assembly reports, including specific information addressed in each of the 19 assemblies are included as Attachment 1 at the end of this report.

Action Items by REAP Congress

1. Motion: **The 2024 REAP Congress recommends the elimination of the sunset date for permanent authorization of REAP.** Golightly, moved. Horsley, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried
 - a. Discussion on the critical nature of the sunset date. It is currently set to expire in 2026.
2. Motion: **The 2024 REAP Congress recommends fully funding REAP at \$40 million.** Bartelt, moved. Luscombe, second. Vote: Aye: 6, No: 47, NV: 1. Motion failed.
 - a. Discussion that authorizing language currently does not allow for a \$40 million allocation. There needs to be a change in authorizing language to allow for the dollar amounts to change beyond the \$20 million in current law.
3. Motion: **The 2024 REAP Congress recommends fully funding REAP at \$20 million.** McCarley, moved. Horsley, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried.
4. Motion: **The 2024 REAP Congress recommends to retain the current REAP formula.** Benton, moved. Luscombe, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried.
 - a. Discussion on the delegation being open to negotiating on the formula in order to achieve funding for the Natural Resource Outdoor Recreation Trust Fund (NRORTF). Recommendation for a separate motion to accomplish this.
5. Motion: **The 2024 REAP Congress recommends increasing the authorizing language for REAP funding from \$20 million to \$40 million.** McCarley, moved. Golightly, second. Vote: Aye: 41, No: 12, NV: 1. Motion carried.
 - a. Discussion with the removal of the sunset date to permanent authorization, there is value to also increasing the funding authorization. Other perspectives included removing the specific dollar figure in the authorizing language and adding a statement that funding is based on current rates of inflation.
6. Motion: **The 2024 REAP Congress recommends changing authorizing language for REAP funding to current inflation.** Bieret, moved. Golightly, second.

- a. Discussion from many members on what the exact amount of the fund from when the law was enacted in 1989 indexed to inflation today would be. Acknowledgment that this is a good path and maybe the right time, if the authorizing language could be changed to a permanent authorization but it is difficult to get done. Bieret agrees to amending language on the original motion to add clarity.
 - b. Amendment: **The 2024 REAP Congress recommends increasing authorizing language for REAP funding to \$50 million based on inflation from 1989.** Golightly, moved. McCarley second. Vote: Aye: 38, No: 13, NV: 3. Motion carried.
7. Motion: **The 2024 REAP Congress recommends fully funding REAP using the state surplus.** Hammond, moved. Rust, second.
 - a. Discussion on what this motion is really asking. Concern from the body about determining where funds are coming from. Clarification that recently REAP has been receiving \$12 million, if that is the amount from RIIF again this year, the request would be for the remainder up to full allocation of \$20 million to come from the state surplus. Hammond agrees to amending language on the original motion to add clarity.
 - b. Amendment: **The 2024 REAP Congress recommends utilizing the state's surplus to fully fund REAP in 2024.** Hammond, moved. McCarley second. Vote: Aye: 46, No: 7, NV: 1. Motion carried.
8. Motion: **The 2024 REAP Congress requests that eminent domain not be used for carbon pipelines that are private enterprises and do not qualify for eminent domain.** Shafbauch, moved. Pohlman, second. Vote: Aye: 5, No: 47, NV: 2. Motion failed.
 - a. Discussion ensued about the need for this request to move forward as it is not germane to the REAP program. The body wanted to move forward to vote as it does impact farmers and what they can control or not on their lands.
9. Motion: **The 2024 REAP Congress recommends fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax, including keeping the current formula intact.** Benton, moved. Johnson, second.
 - a. Discussion on definition of current formula to mean formula as approved in 2010. Benton agreed to amend the motion to include 2010.
 - b. Amendment: **The 2024 REAP Congress recommends fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax, keeping the formula intact that was presented to the voting public in 2010.** Nelson moved. Benton second. Vote: Aye: 51, No: 0, NV: 3. Motion carried.
10. Motion: **The 2024 REAP Congress recommends that if the Legislature and Governor Reynolds want to change the formula for NRORTF that REAP Congress will have input.** Benton, moved. Golightly, second. Vote: Aye: 35, No: 17, NV: 2. Motion carried.
 - a. Discussion ensued about how bringing the voice of REAP Congress delegates to the discussion would work. Recommended that it may be a delegate(s) that can provide input or the REAP Alliance on behalf of the REAP Congress.
11. Motion: **The 2024 REAP Congress supports keeping the Conservation Education Program Board as set in current law.** Johnson, moved. Heldt, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried.

12. Motion: **The 2024 REAP Congress supports the protection of and adding to public lands in Iowa.** Wagner, moved. Maas, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried.
13. Motion: **The 2024 REAP Congress supports providing more resources that could be used at the local level to explain what REAP is and how to use it.** Golightly, moved. Luscombe, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried.
14. Motion: **The 2024 REAP Congress supports funding for wildlife habitat in the state of Iowa. Heldt, motion.** Huck, second. Vote: Aye: 53, No: 0, NV: 1. Motion carried.
15. Motion: **The 2024 REAP Congress recommends that the Legislature and administrative offices use all reasonable resources to support water conservation and water quality in light of the drought of recent years.** Pohlman, motion. Horsley, second. Vote: Aye: 51, No: 0, NV: 3. Motion carried.
16. Motion: **The 2024 REAP Congress recommends that the Living Roadway Trust Fund administrative board stay intact into the future.** Johnson, moved. Bieret, second. Vote: Aye: 50, No: 0, NV: 4. Motion carried.
17. Motion: **The 2024 REAP Congress recommends the reinstatement of the citizen water quality monitoring program as previously funded.** Slocum, motion. Rust, second. Vote: Aye: 50, No: 0, NV: 4. Motion carried.
18. Motion: **The 2024 REAP Congress sends their gratitude and appreciation to Governor Kim Reynolds and members of the Iowa legislature that have supported REAP and ask for support in the future.** Benton, moved. Pohlman, second. Vote: Yes: 48, No: 0, NV: 6. Motion carried.

Closing Remarks

Susan Kozak, Director of Department of Agriculture and Land Stewardship thanked the delegation for their work, putting forth 18 motions including the passionate discussion and care for Iowa's natural resources. The work that they just completed as delegates and the ongoing support from the Legislature and Governor Reynolds helps put windbreaks, stormwater management practices and native grasses on the ground. It supports projects with landowners, watershed projects, all for the benefit of Iowa's water quality.

Pohlman motion to adjourn at 11:45 a.m. Copper second. Vote: Yes 49, No: 2, NV: 3. Motion carried.

2023 REAP Assembly Report

During October 2023, 19 Resource Enhancement and Protection (REAP) Assemblies were conducted throughout Iowa. The REAP Assemblies are required, per Iowa Code Chapter 455A.17, to be conducted on odd numbered years to provide attendees with information about REAP expenditures, ask attendees to identify opportunities or changes in policy, programs or funding, vote on motions for the five elected delegates per region to vote on at REAP Congress. 431 Iowans participated in the 2023 REAP Assemblies. In addition to electing delegates, the participants made 81 motions that will be forwarded to the REAP Congress for consideration on January 13, 2024.

The following motions were approved at the Assemblies. The number behind the motion indicates the number of Assemblies at which it was approved.

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP. **(15)**
2. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax. **(12)**
3. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax, including keeping the current formula intact. **(12)**
4. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the REAP formula intact. **(7)**
5. This REAP Assembly recommends that the 2024 REAP Congress supports removing the REAP sunset date for permanent authorization. **(4)**
6. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the REAP and the Natural Resources and Outdoor Recreation Trust Fund formulas intact. **(4)**
7. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the formula as voted on by the citizens of Iowa intact for the Natural Resources Trust Fund. **(3)**
8. This REAP Assembly recommends that the 2024 REAP Congress supports removing the REAP sunset date. **(3)**
9. This REAP Assembly recommends that the 2022 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax maintaining the formula as voted on by the citizens of Iowa intact. **(1)**
10. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP at \$40 million. **(1)**
11. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP at \$20 million or more without changing the formula. **(1)**
12. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP from the state's surplus. **(1)**
13. This REAP Assembly recommends that the 2024 REAP Congress supports increasing the sales tax by 1 cent to fund the Natural Resources and Outdoor Recreation Trust Fund and other important natural resource programs. **(1)**
14. This REAP Assembly recommends that the 2024 REAP Congress support fully Funding REAP, or increase it and fund the Natural Resources and Outdoor Recreation Trust Fund. **(1)**
15. This REAP Assembly recommends that the 2024 REAP Congress supports keeping REAP Funds as REAP. They should not be included into the Natural Resources Outdoor Recreation Trust Fund Formula. **(1)**
16. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the Natural Resources and Outdoor Recreation Trust Fund separate from local option sales tax. **(1)**
17. This REAP Assembly recommends that the 2024 REAP Congress supports recommending the REAP Sunset date be extended to 2050. **(1)**
18. This REAP Assembly recommends that the 2024 REAP Congress supports updating the REAP maximum currently at \$20 million to reflect current inflation adjustment for funding REAP. **(1)**
19. This REAP Assembly recommends that the 2024 REAP Congress add small, medium and large categories for the County Conservation grant program. **(1)**

20. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the Conservation Education Program Board as set in current law. **(1)**
21. This REAP Assembly recommends that the 2024 REAP Congress supports the REAP Conservation Education Board changing grant criteria to allow built infrastructure for educational purposes to be funded with REAP Conservation Education Program funding. **(1)**
22. This REAP Assembly recommends that the 2024 REAP Congress support the reinstatement of the citizen water quality monitoring program as previously funded. **(1)**
23. This REAP Assembly recommends that the 2024 REAP Congress supports providing funding for all Watershed Management Authorities. **(1)**
24. This REAP Assembly recommends that the 2024 REAP Congress support the protection of public lands in Iowa and dispose of the concept of eliminating public lands. **(1)**
25. This REAP Assembly recommends that the 2024 REAP Congress supports no future restrictions on cities, counties and the state’s ability to purchase lands for public use. **(1)**
26. This REAP Assembly recommends that the 2024 REAP Congress supports increased funding for wildlife habitat in the state of Iowa. **(1)**
27. This REAP Assembly recommends that the 2024 REAP Congress supports improving Iowa’s tree canopy post Derecho and Emerald Ash Borer. **(1)**
28. This REAP Assembly recommends that the 2024 REAP Congress supports establishing a REAP program for the replacement of ash trees and/or storm damage. **(1)**
29. This REAP Assembly recommends that the 2024 REAP Congress supports providing more resources that could be used at the local level to explain what REAP is and how to use it. **(1)**

Additionally, participants at each assembly broke into small groups by county to discuss how their county is meeting the goals of REAP. Each group utilized a template populated with questions to aid discussion. Some of the most common words captured on the templates from discussions were focused around the need for more or improved **partnerships, collaboration, resource sharing, education, preservation and planning** while also recognizing the great work counties, communities and regions have done. The following assembly reports contain some of the documented ideas on potential planned actions to REAP Goals moving forward.

Individual Assembly Summary

Region 1: Calmar (Allamakee, Clayton, Fayette, Howard, Winneshiek)

Attendance: 38

New to REAP: 12

Chair: Jenna Pollock

Approved Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP at \$20 million or more without changing the formula. Vote: Unanimous.
2. This REAP Assembly recommends that the 2024 REAP Congress supports removing the REAP sunset date for permanent authorization. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress support the reinstatement of the citizen water quality monitoring program as previously funded. Vote: Unanimous.
4. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa’s statewide sales tax, including keeping the current formula intact. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Continue to promote sustainable conservation 	<ul style="list-style-type: none"> • Social media/ awareness of public events • Keep bird 	<ul style="list-style-type: none"> • More communications with private landowners 	<ul style="list-style-type: none"> • Libraries bringing in speakers • Younger people involvement 	<ul style="list-style-type: none"> • Adding playscapes • Devote more time to 	<ul style="list-style-type: none"> • Improve existing canoe launches and trails • Work with

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
minded farming practices • Well-attended water testing training • Meeting people where they are • Increase buffer strips • Limit CAFOs • Water retention structure to retain (drought concerns)	friendly flyways • More trails (bike and mountain bike)	• Explore more partnerships • involvement in county-wide comprehensive planning • Restore the roadside program • Revision the CCC • Advance clean energy initiatives • Rain gardens and bioswales in development areas	• Externships for history-centered projects • Reform the county historic preservation commission • Relationships with indigenous people • Preserve the story of dissolved communities • Digitize historic photos and materials	education • Build connections between conservation and agriculture • Educations on subsidies	influencers • Know that today's visitors are tomorrow's residents • Mow to monarchs adoption • Reduce tiling and move to retention and absorption

Region 2: Mason City (Cerro Gordo, Floyd, Franklin, Hancock, Kossuth, Mitchell, Winnebago, Worth)

Attendance: 37

New to REAP: 16

Chair: Margo Underwood

Approved Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP from the state's surplus. Vote: Unanimous.
2. This REAP Assembly recommends that the 2024 REAP Congress supports removing the REAP sunset date for permanent authorization. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax maintaining the formula as voted on by the citizens of Iowa intact. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
• Public/private partnerships • Education and field days • Partner with other local watersheds and watershed across county lines • Groups need to come together • Continued watershed projects • Stormwater grants • Plant more trees	• Expand trail development • Partnerships for tourism expansion • Additional winter trail use opportunities • Water trail designations • Involve youth in human powered trails	• Identify high priority areas • Establish/repair habitat • Roadway planning • Update local planning	• Educational UTV ride to historical locations • Show the connections to the land • Develop interpretive signage along trails and at nature centers	• Better multi-agency communication • More outdoor education • Work with underserved groups • Use facilities of other organizations for programs	• Make people want to live where they play • Open communication, engage everyone

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Create fun volunteer opportunities - clean up competition 					

Region 3: Spencer (Buena Vista, Clay, Dickinson, Emmet, Lyon, O’Brien, Osceola, Palo Alto, Sioux)

Attendance: 31

New to REAP: 16

Chair: Will Horsely

Approved Motions: Those assembled made no motions.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Funding for landowner BMPs • Reach out to smaller communities to implement practices via SWCD or others • Natural filters • Improve watersheds • Work with neighboring counties and states to improve water quality • Plant more trees • Continuing public education • Oxbow restoration • Targeted conservation practices on problem areas 	<ul style="list-style-type: none"> • Additional parks and campgrounds • Bike/Water Trails • Expand and connect trails • More lake access • Maintain existing access • Improve public areas • Purchase new areas when available • Shooting ranges 	<ul style="list-style-type: none"> • Continue prescribed burns or promotion of prescribed burns • Continued habitat management • Woody vegetation control • Advertising success stories • More natives and pollinator plants in the roadside, trails and open spaces • Low head dam mitigations • Work on improving water quality 	<ul style="list-style-type: none"> • Work to document ethnic history • Inventory of historical structures • Collaborative efforts to preserve existing sites and museums • Education opportunities to share history 	<ul style="list-style-type: none"> • Additional field days and expand program offerings • Promote opportunities • Master conservation classes • Provide resources to landowners to learn about conservation 	<ul style="list-style-type: none"> • Increase exercise opportunities through outdoor recreation • Promote volunteerism • More opportunities for outdoor recreation • Land stewardship • Preserve our history • Engage public through awareness • Recreational activities to support quality of life and make it attractive for young professionals

Region 4: Correctionville (Cherokee, Ida, Monona, Plymouth, Woodbury)

Attendance: 25

New to REAP: 6

Chair: Brian Stehr

Approved Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP. Vote: Unanimous.

2. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa’s statewide sales tax. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the formula as voted on by the citizens of Iowa intact for the Natural Resources and Outdoor Recreation Trust Fund. Vote: Unanimous.
4. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the Conservation Education Program Board as set in current law. Vote: Unanimous.
5. This REAP Assembly recommends that the 2024 REAP Congress supports the REAP Conservation Education Board changing grant criteria to allow built infrastructure for educational purposes to be funded with REAP Conservation Education Program funding. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Education and outreach • Need for more cover crops • Revive the county REAP Committees • Expand ways to use funds • Utilize practices • Support nonprofits • Continue to support and utilize conservation practices on CCB grounds • Look at roadside programs 	<ul style="list-style-type: none"> • Need to look at non-traditional partners for collaboration • More youth and mentor opportunities • Work to better utilize resources 	<ul style="list-style-type: none"> • Improved communication • Improved chemical application • City Council education • Hire roadside staff 	<ul style="list-style-type: none"> • Identify more historical sites 	<ul style="list-style-type: none"> • Referral board • Outreach to teachers • More funds to schools to help with bus drivers for field trips • Change CEP grant parameters 	<ul style="list-style-type: none"> • Develop partnerships • Unite for community conservations • Create lists of partnerships

Region 5: Webster City (Calhoun, Hamilton, Humboldt, Pocahontas, Webster, Wright)

Attendance: 16
 New to REAP: 7
 Chair: Matt Cosgrove
 Approved Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa’s statewide sales tax. Vote: Unanimous.
2. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress supports removing the REAP sunset date for permanent authorization. Vote: Unanimous.
4. This REAP Assembly recommends that the 2024 REAP Congress support the protection of public lands in Iowa and dispose of the concept of eliminating public lands. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Continue education • Continue water testing • Implementing projects such as stormwater runoff • Public access to nitrate levels • Identify water quality projects collaboratively 	<ul style="list-style-type: none"> • Need more planning • Partnerships • Rental conversations • Mountain bike trail additions • Maintenance plan for existing trails 	<ul style="list-style-type: none"> • Continued education for landowners • Seek out grant dollars • Focus on urban conservation • Land stewardship and habitat work focus 	<ul style="list-style-type: none"> • Place interpretive panels along river trails • Historic information may fade if funding isn't made available to projects 	<ul style="list-style-type: none"> • More public outreach and education opportunities • Invasive species work with volunteers 	<ul style="list-style-type: none"> • Gather public input • Offer wide range of opportunities

Region 6: Marshalltown (Hardin, Marshall, Poweshiek, Tama)

Attendance: 28

New to REAP: 8

Chair: Mark Vavroch

Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP. Vote: Unanimous.
2. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the REAP formula intact. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress supports removing the REAP sunset date. Vote: Unanimous.
4. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa's statewide sales tax. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Education on tree planting • Master matrix for watersheds • Lake Restoration 	<ul style="list-style-type: none"> • Work on the UTV Trail systems • Trail maintenance • Increase trails in wildlife areas • Playgrounds for children • Visioning for hiking and biking trails 	<ul style="list-style-type: none"> • Fish habitat improvement • Drone spraying for invasive species • Land acquisition • Get resources back to prairies and wetlands 	<ul style="list-style-type: none"> • Funding to coordinate archiving • Public programs sponsored by historical societies 	<ul style="list-style-type: none"> • More general public education • Ongoing school outreach • Adult/ landowner education re: stewardship • Outdoor classrooms • Programs sponsored by soil commissioners 	<ul style="list-style-type: none"> • More trail connections • Urban trails/ walkability • Volunteer opportunities

Region 7: Cedar Falls (Black Hawk, Bremer, Buchanan, Butler, Chickasaw, Grundy)

Attendance: 27

New to REAP: 6

Chair: Roger White

Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress support fully Funding REAP, or increase it and fund the Natural Resources and Outdoor Recreation Trust Fund. Vote: Unanimous.
2. This REAP Assembly recommends that the 2024 REAP Congress supports providing funding for all Watershed Management Authorities. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the REAP and the Natural Resources and Outdoor Recreation Trust Fund formulas intact. Vote: Unanimous.
4. This REAP Assembly recommends that the 2024 REAP Congress supports increasing the sales tax by 1 cent to fund the Natural Resources and Outdoor Recreation Trust Fund and other important natural resource programs. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Funding for watershed management authorities • Private landowners implement projects • Public managed land acquired is strategic and long-term • Communication with smaller communities • Work in watersheds • Work with home and landowners to help 	<ul style="list-style-type: none"> • Need for park expansion • Trail connections 	<ul style="list-style-type: none"> • Prioritize and implement local projects • Implement habitat projects on existing public lands • Conduct species inventories and develop management plans • Ash tree removal and replacement 	<ul style="list-style-type: none"> • Bring together the local tourism and businesses to the conversation and existing programming 	<ul style="list-style-type: none"> • Educate policy makers • More hands-on, longer time and pre & post activities • Engage people where they are - kiosks etc. • Creek signs along roads and watersheds 	<ul style="list-style-type: none"> • Inclusive and accessible • More engagement with youth

Region 8: Dubuque (Cedar, Clinton, Delaware, Dubuque, Jackson)

Attendance: 24

New to REAP: 0

Chair: Kaytlan Moeller

Motions:

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP. Vote: Unanimous.
2. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding the Natural Resources and Outdoor Recreation Trust Fund through the passage of a 3/8th of a percent increase of Iowa’s statewide sales tax, including keeping the current formula intact. Vote: Unanimous.
3. This REAP Assembly recommends that the 2024 REAP Congress supports keeping REAP Funds as REAP. They should not be included into the Natural Resources Outdoor Recreation Trust Fund Formula. Vote: Unanimous.

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • Incentivize implementation • Lack of contact with landowners • Have landowner ambassadors and hold information sessions • More modeling in county/city areas of water quality practices • Education enhancements 	<ul style="list-style-type: none"> • Advertise outside of the state/county • Increase awareness • Transportation improvements • Engage more with rural communities 	<ul style="list-style-type: none"> • Invasive species plan • More education on resources and planned preservation • More focus on redevelopment and land acquisition 	<ul style="list-style-type: none"> • Public awareness of preservation needs • Dig deeper into cultural and tribal nation history • Integrate community engaged collection focus • Showcase value of cultural preservation 	<ul style="list-style-type: none"> • Have conversations where people gather • Remove barriers for transportation • More workshops and events 	<ul style="list-style-type: none"> • Improve access, equipment, money, transportation, disability • Education, know what is available in the community/ county • Shift core values with education and stewardship

New to REAP: 1

Chair: Skylar Hobbs

Motions:

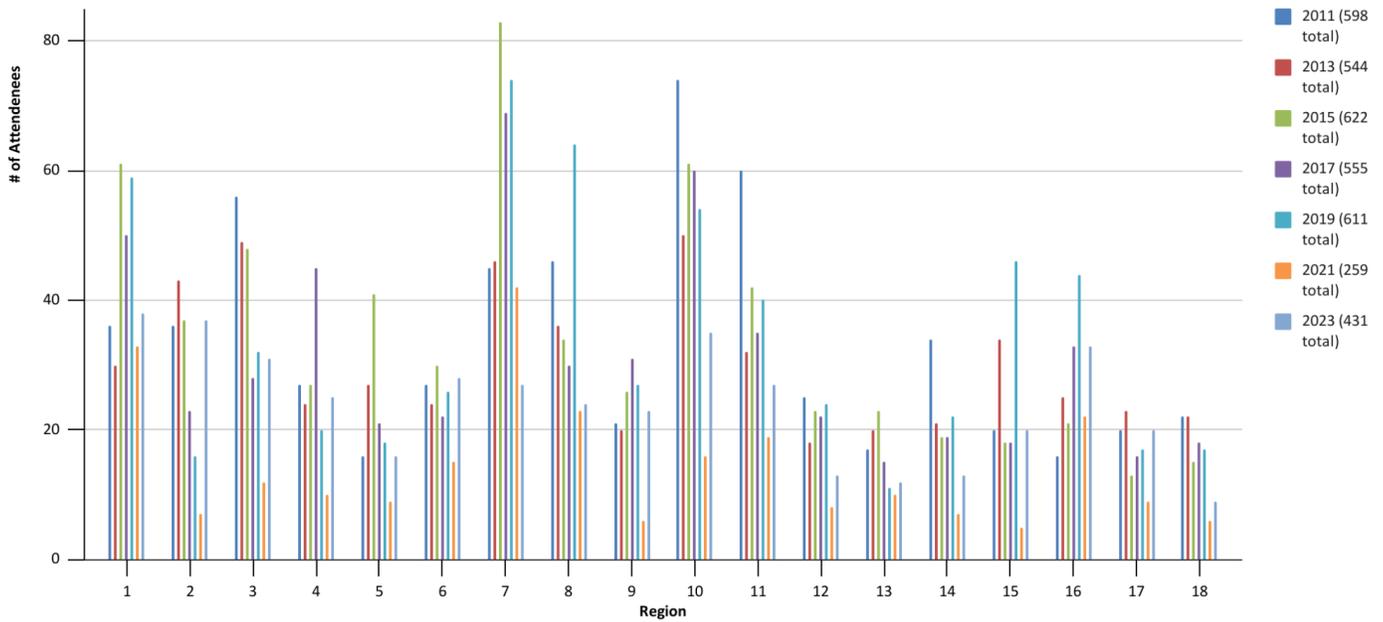

1. This REAP Assembly recommends that the 2024 REAP Congress supports fully funding REAP. Vote: Unanimous
2. This REAP Assembly recommends that the 2024 REAP Congress supports keeping the REAP formula intact. Vote: Unanimous
3. This REAP Assembly recommends that the 2024 REAP Congress supports providing more resources that could be used at the local level to explain what REAP is and how to use it. Vote: Unanimous

Small Group County Planned Action Ideas:

Water Quality	Recreation	Resource Preservation & Enhancement	Historic Preservation	Conservation Education and Stewardship	Quality of Life
<ul style="list-style-type: none"> • SWCD and NRCS continue to fund soil conservation practices • Stormwater practices • Stream and wetland mitigation projects • Work with absentee landowners • Promote programs creatively 	<ul style="list-style-type: none"> • Need more public hunting areas • Need other amenities besides campgrounds, such as cabins • Maintain what is existing • Trails plans to connect the counties 	<ul style="list-style-type: none"> • Need more roadside planning • Work with groups on land management • Coordinated maintenance to control the spread of invasives 	<ul style="list-style-type: none"> • Need for digitization • Education on process and funding to preserve 	<ul style="list-style-type: none"> • Only existing plan is the 5 year SWCD plan • Need for partnering and learning from what is working 	

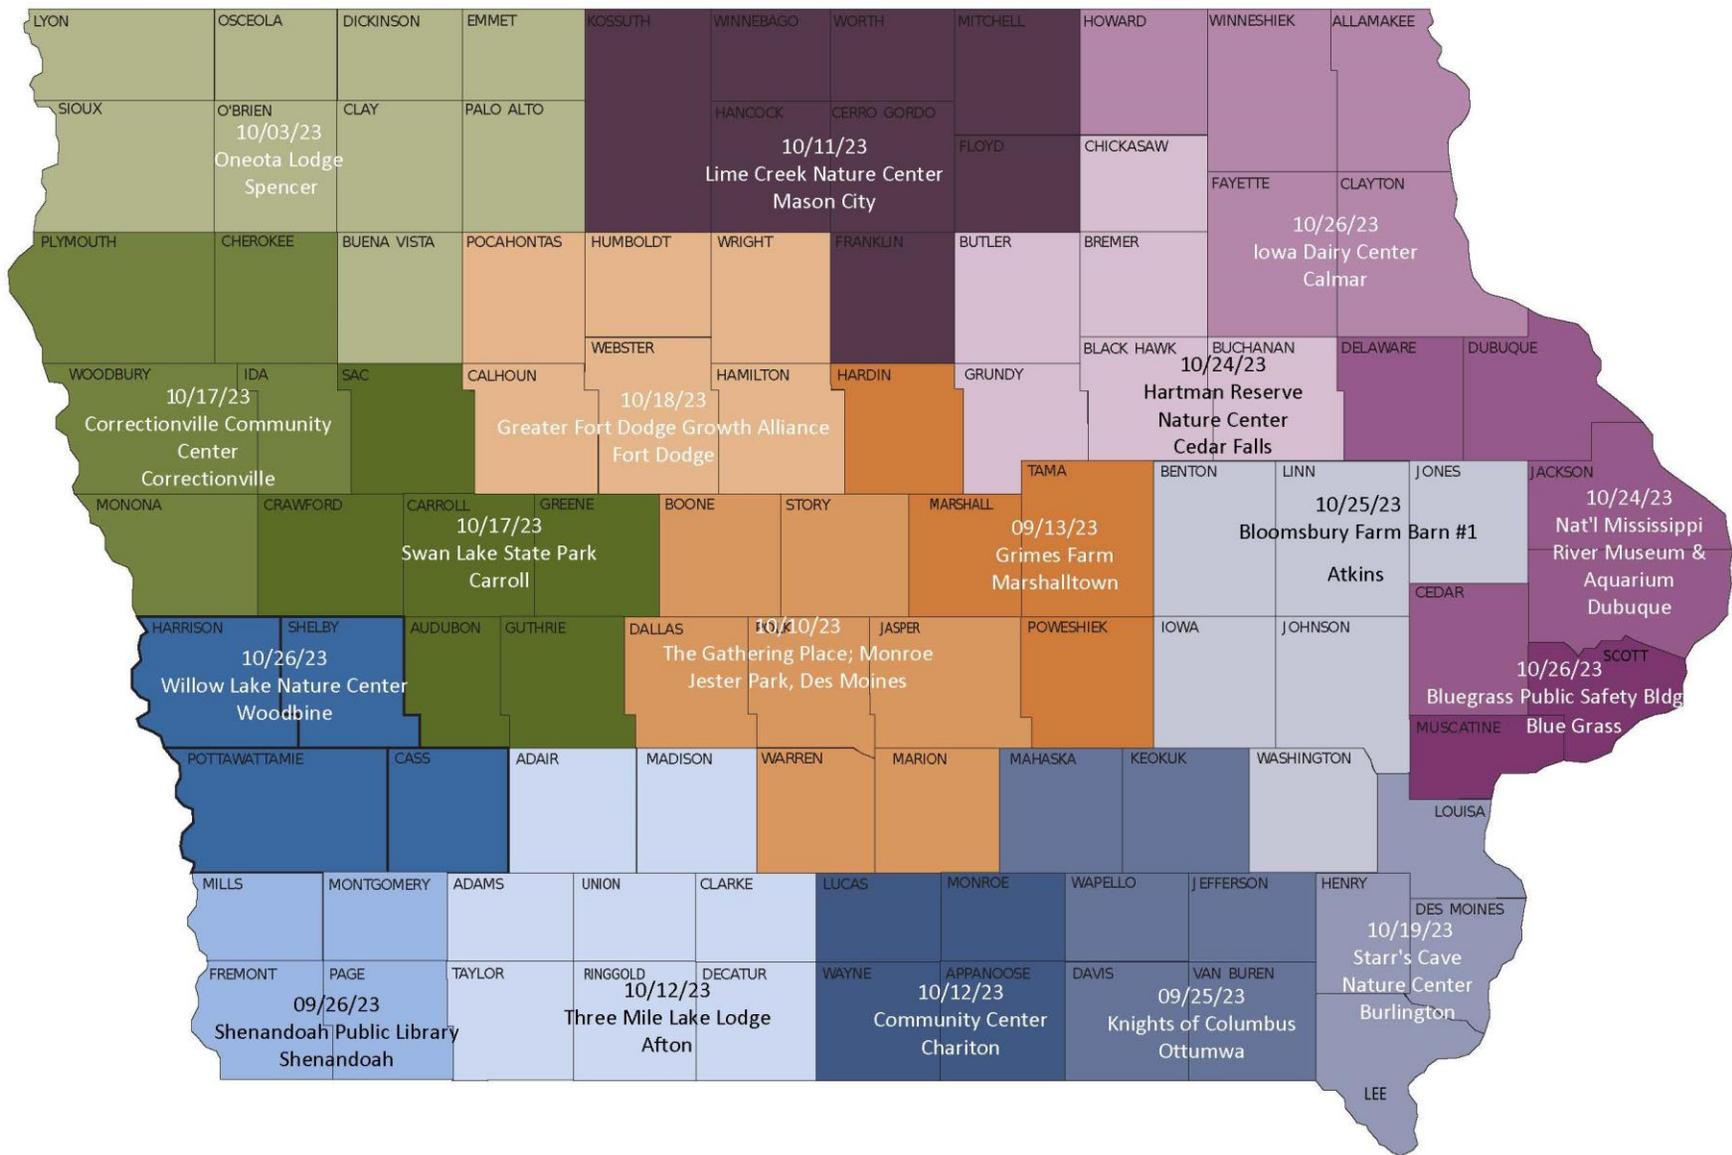

Recent REAP Assembly Attendance:

REAP Assembly Attendance 2011-2023

- In 2023 a team of representatives from each region assisted the REAP Coordinator in determining the right location and time of day to host the assembly. An extra assembly time in region 11 was added to offer options for citizens on the eastern side of the region.
- 42% of Attendees in 2023 attended a REAP Assembly for the first time.

REAP Schedule

REAP BUILDS COMMUNITIES

HOW DO YOU WANT TO BUILD YOURS?

QUALITY OF LIFE

Healthy, vibrant and sustainable resources enrich the lives of Iowans.

CONSERVATION EDUCATION AND STEWARDSHIP

Increase knowledge on the importance of Iowa's natural and cultural resources while developing the skills, abilities and understanding of Iowan's role in protection, conservation and management.

RESOURCE ENHANCEMENT AND PROTECTION

Preserve, protect, improve and enhance Iowa's natural resources in parks, roadsides, forests, prairies, wetlands, lakes and rivers.

RECREATION

Provide a wide variety outdoor recreation opportunities and experiences giving Iowans a reason to play and stay.

WATER QUALITY

Protect the state's surface and groundwater from point and nonpoint sources of contamination through watershed improvement projects and the installation of water protection practices by individual landowners.

HISTORIC PROTECTION

Foster pride and sense of connection to a community's heritage through the preservation, conservation and enhancement of Iowa's cultural and historic resources.

REAP BUILDS COMMUNITIES

HOW DO YOU WANT TO BUILD YOURS?

COUNTY NAME: _____

WATER QUALITY

What is our county doing to advance this goal?

What are the main threats our county faces when it comes to the quality of our water?

What am I doing to help improve water quality in my county?

Are there opportunities for collaboration that haven't been explored before?

Planned Actions:

- 1.
- 2.
- 3.

RECREATION

What is our county doing to advance this goal?

Are there a wide variety of opportunities for our residents to explore the outdoors?

What types of recreational experiences are missing in our county?

Are there opportunities for collaboration that haven't been explored before?

Planned Actions:

- 1.
- 2.
- 3.

RESOURCE PRESERVATION AND ENHANCEMENT

What is our county doing to advance this goal?

What are the main concerns about the natural resources in our county?

Are there opportunities for collaboration that haven't been explored before?

Planned Actions:

- 1.
- 2.
- 3.

HISTORIC PRESERVATION

What is our county doing to advance this goal?

What historical resources do we value in our community?

What stories haven't been told or haven't been preserved? How are we documenting that?

Are there opportunities for collaboration that haven't been explored before?

Planned Actions:

- 1.
- 2.
- 3.

CONSERVATION EDUCATION AND STEWARDSHIP

What is our county doing to advance this goal?

What are the critical messages in our county? How are we sharing that and engaging with our residents?

Are there opportunities for collaboration that haven't been explored before?

Planned Actions:

- 1.
- 2.
- 3.

QUALITY OF LIFE

How can we contribute to a healthier environment in our county, for Iowa?

How do we strengthen our community, sense of place?

How do we leverage partnerships to accomplish all of this?

Planned Actions:

- 1.
- 2.
- 3.
