# Out of Planning Area Waste Flow Tracking

Iowa Administrative Code (IAC) 567-104.3(2) states that if planning agency refuses any particular solid waste type for management or disposal, the planning agency must identify another municipal solid waste sanitary disposal project for that waste within the planning area. If no other municipal solid waste sanitary disposal project exists within the planning area, the planning agency must, in cooperation with the waste generator, establish or arrange for access to another municipal solid waste sanitary disposal project. Municipal solid waste sanitary disposal projects are required to maintain written approval from both the department and the planning agency in the planning area of origin in order to accept any Iowa-generated waste from outside the planning area. The following information is intended to satisfy the requirements of IAC 567-104.3(2).

**Solid Waste Refusal:**

Name of sanitary disposal project, e.g. landfill or transfer station, refusing solid waste type:

_____

Solid waste comprehensive planning area of waste origin:

_____

Solid waste type: _____

Waste generator, if known: _____

Solid waste quantity and timeframe, if known: _____

Sanitary disposal project where access has been established or arranged for waste disposal (name, address):

_____

Who was contacted: Name: _____ Date: _____

Position: _____

**Solid Waste Comprehensive Planning Area of Waste Origin Approval:**

As the responsible official for the solid waste comprehensive planning area where the waste originated, I certify that no other waste management facility for the waste exists within the planning area, and in cooperation with the waste generator, access to the sanitary disposal project listed above has been arranged.

Signature of Responsible Official: _____

Printed Name: _____ Phone: _____

Once the portions above are completed and signed, please email, fax or send to:
Stephanie Graham, Land Quality Bureau, 6200 Park Ave Ste 200, Des Moines IA 50321
Email: Stephanie.Graham@dnr.iowa.gov, or Fax: 515-725-8201

**Iowa Department of Natural Resources Approval:**

The DNR approves of solid waste generated outside of the planning area of origin being accepted by the sanitary disposal project listed. Solid waste received from outside of the planning area of origin must be properly recorded on the Quarterly Solid Waste Fee Schedule and Retained Fees Report.

Signature of DNR Approval: _____ Date: _____

Printed Name: _____ Phone: _____
