LAKE ANITA STATE PARK

55111 750th St, Anita, IA 50020

Welcome to Lake Anita State Park, located in Cass County in southwest Iowa. Whether you are here for some of the best fishing in southwest Iowa, swimming in one of the most beautiful lakes or camping in one of the most relaxing campgrounds, we hope you enjoy your stay.

PARK AMENITIES/POINTS OF INTEREST/THINGS TO DO

Fishing is a very popular sport at Lake Anita. The 170-acre lake is home to largemouth bass, channel catfish, crappie, bluegill, walleye and redear sunfish. Several jetties around the lake provide good shoreline fishing. Two boat ramps provide access to the lake for boat anglers. A pontoon storage rental is available for summer use.

A 4-mile multi-use trail runs completely around Lake Anita. It is covered with pavement and runs through restored prairie and by early successional timber, giving visitors a chance to view these diverse habitats and the different species of wildlife they hold. The paved Grass Roots Trail connects Lake Anita with the city of Anita leading to the downtown area. A short nature trail is available for hiking and seeing some of the different trees of the area.

A beach with a sand volleyball court is available, as well as a playground in the campground. The large campground has electrical hook-up sites and full hook-ups as options, and three modern shower/rest room buildings. There are also non-electric and electric sites with water offered. Movies are shown every Saturday night in the campground, Memorial Day weekend through Labor Day weekend.

There are six shelters available to rent throughout the park.
