WALNUT WOODS STATE PARK

3155 SE Walnut Woods Dr, West Des Moines IA 50265

Welcome to Walnut Woods State Park. Iowans and visitors from across the U.S. can find a quality outdoor recreation experience in the forested natural setting at Walnut Woods. Whether you are here to fish or float the Raccoon River, camp, hike a trail or just relax, we hope you enjoy your stay.

PARK AMENITIES/POINTS OF INTEREST/THINGS TO DO

Walnut Woods is one of the only parks close to Des Moines with a designated campground. Its close proximity to Interstate 35 and the State Highway 5 bypass makes it a convenient camping area for visitors to Des Moines meeting friends and relatives, or attending one of the many special events and other activities around the metro area. The campground offers full hookup sites and electric sites. There are modern rest room facilities but no showers.

Walnut Woods boasts the largest surviving natural stand of black walnut trees in North America. Many of these stately trees can be seen along the main park roadway.

Whether you're just passing through or camping overnight at Walnut Woods, take time to hike some of the 2.5 to 3 miles of trails along the Raccoon River. The trails are popular for cross-country skiing during winter months.

Bird watching is popular year-round, but especially in the spring and fall as the entire park is a great place to observe migrating warblers, flycatchers and a variety of other songbirds, hawks and owls. A bird observation and feeding station facility is located west of the park office building.

Picnic sites are located throughout the park along the main road. A beautiful stone and timber day-use lodge is available year-round to rent for family reunions, weddings, graduations and other functions.

SPECIAL PARK RULES

No harvesting or picking up walnuts is allowed. Pick up the rules/regulations booklet for more information on general park rules.
