

developing water trails in IOWA

PRACTICAL GUIDELINES AND TEMPLATES FOR PLANNING, SITE DESIGN, SIGNAGE, AND CONSTRUCTION IN THE STATE OF IOWA

ACKNOWLEDGMENTS

Chapters 1-5 of this manual were written by Mimi Wagner, Iowa State University Department of Landscape Architecture and Nate Hoogeveen, Iowa Department of Natural Resources.

Glenn Harman, Scott Olson, John Wenck, Luke Wright, Emily Haase of Iowa Department of Natural Resources and Stephanie Nelson, Sam Kessel, Megan Corcoran, Kurt Pelzer, Doug Johnston, Carl Rogers of Iowa State University Department of Landscape Architecture assisted with various parts of the text and illustrations.

Special thanks for technical advisement, review and feedback provided by:

Iowa DNR's Water Trails Advisory Committee

Larry Gullet, Jones County Conservation Board

Luther Aadland, Ph.D., Minnesota DNR Stream Restoration Program

E. Sandy Verry, Ellen River Partners

Andrea Chase, Iowa Natural Heritage Foundation Trails Coordinator

Janet Zeller, USDA Forest Service

David Thomson, National Park Service Rivers, Trails and Conservation Assistance Program

Ken Jackson, Iowa DNR engineering bureau

Greg Gelwicks and Bill Kalishek, Iowa DNR fisheries bureau

Erik Wrede, Minnesota DNR water trails program

Mark Edwards, Iowa DNR trails program

Editing and graphic design provided by Brenda Witherspoon, Sam Kessel, Jillian Noble

Initiated, funded, and mandated by the Iowa General Assembly and Governor Chester J. Culver.

REVISION DATE: JUNE 2010

Federal regulations prohibit discrimination on the basis of race, color, national origin, sex or handicap. State law prohibits discrimination on the basis of race, color, creed, sex, sexual orientation, gender identity, religion, national origin, or disability. If you believe you have been discriminated against in any program, activity or facility as described above, or if you desire further information, please write to the Iowa DNR, Wallace State Office Building, 502 E. Ninth St., Des Moines, Iowa, 50319.

TABLE OF CONTENTS

1) WATER TRAILS IN IOWA

- 1-03 Introduction to manual and description of scope
- 1-04 Timeline for Developing a Water Trail
- 1-05 Successful Water Trails
- 1-06 Water Trail Experience Types
- 1-07 Legislation Governing Use of Streams
- 1-10 Environmental Permitting
- 1-11 Bibliography

2) STATE DESIGNATION OF WATER TRAILS

- 2-03 Introduction
- 2-05 Selecting a Water Trail Experience
- 2-09 Water Trail Development Process
- 2-10 Pre Planning
- 2-13 Early Review
- 2-14 Development Planning
- 2-14 Draft Development Plan Review and Submission of Final Development Plan
- 2-15 Funding for Implementation
- 2-15 Implementation
- 2-15 Designation
- 2-16 Bibliography

3) DESIGN DEVELOPMENT

- 3-11 3A Water Trail Launch Design**
 - 3-04 Water Trail Design Development
 - 3-05 Water Trail Launch Design
 - 3-06 Where to Locate Launches
 - 3-08 Launch Design Selection Criteria
 - 3-10 Launch Construction
 - 3-10 Launch Design Types
 - 3-11 Natural-Surface Launch Design
 - 3-12 Stair-Step Launch Design
 - 3-13 Cast-In-Place Concrete Launch Design
 - 3-14 Pre-Cast Concrete Slat Launch Design
 - 3-16 Universal Launch Design
- 3-17 3B Parking Area Design**
 - 3-18 Selecting Parking Sites
 - 3-19 Parking Design
 - 3-20 Minimum Parking Area Design with Boat Carry-Down Access
 - 3-21 12-Vehicle Parking Area Design with Loading Lane
 - 3-22 7- or 12-Car Parking Area, Vehicle Launch Design
 - 3-23 Stormwater Management On-Site
 - 3-23 Infiltration Design
 - 3-28 Filtration Design—Vegetated Filter Strip
 - 3-29 Drainage Swales and Outflow Design
 - 3-29 Parking and Launch Construction
 - 3-29 Contacts and Resources
- 3-30 3C Walking Trail Design**
- 3-35 3D Water Access Campsite Guidelines**
 - 3-35 Water Trail Campsite Locations
 - 3-36 Cluster Campsites
 - 3-37 Bibliography

4) LAND & STREAM MANAGEMENT

- 4-03 Introduction
- 4-04 4A Near-Stream Land Management**
 - 4-05 Slope Protection
 - 4-08 Establishing Plants with Dormant Cuttings
 - 4-10 Establishing Plants With Bare-Root Or Container-Grown Material
 - 4-13 Slope Protection With Vegetation – Rock Combination
 - 4-14 Gully Repair Design
 - 4-16 Vegetation Management
 - 4-17 Management for Visual Access
- 4-18 4B Stream Restoration Practices In Water Trail Construction**
 - 4-22 Streambank Armoring Through Bioengineering and Minimal Rock Placement
 - 4-26 Bibliography

5) MANAGING RIVER RECREATION IN IOWA

- 5-03 Introduction
- 5-04 Problems Associated with River Recreation
- 5-06 Public-Safety Education
- 5-08 Risk Management Approaches
- 5-10 Litter-Reduction Strategies
- 5-11 Tactics for addressing Disorderly Behavior
- 5-12 Planning for Use and Development Levels
- 5-13 National Wild and Acenic Rivers and Other Potential Designations
- 5-14 Program Development
- 5-15 Bibliography

6) SIGNAGE

6-05 6A Water Trails Signage

- 6-06 On-Land Navigational Signage
- 6-11 On-Water Navigational Signage

6-14 6B Low-Head Dam Signage

- 6-15 General Locations Of Hazard Signs
- 6-16 Hazard Sign Scenarios
- 6-17 Sign Letter Height Calculations
- 6-19 **Annotated Sign Guidelines**
- 6-19 Early Warning (On-Water) Sign
- 6-20 Last Landing Above (On-Water) Sign
- 6-21 Last Landing Above (On-Land) Sign
- 6-22 Move Left/Right (On-Water) Sign
- 6-23 Last Safe Exit (On-Water) Sign
- 6-24 Drowning Zone, Up/Downstream Limits (On-Water) Sign
- 6-25 Pedestrian Drowning Zone Warning (On-Land) Sign
- 6-26 Other Hazards (On-Water Or On-Land) Sign
- 6-27 **SITE PLAN EXAMPLES**
 - 6-27 DES MOINES CASE STUDY**
 - 6-27 Water Works Boat Launch On The Raccoon River
 - 6-28 Water Works Park Dam On The Raccoon River
 - 6-29 Scott Avenue Dam On The Des Moines River
 - 6-30 Birdland Park Boat Launch On The Des Moines River
 - 6-31 Des Moines River / Center Street Dam
 - 6-32 WINNESHIEK COUNTY CASE STUDY**
 - 6-32 Upper Dam on the Upper Iowa River
 - 6-33 Lower Dam On The Upper Iowa River

6-34 6C Signage Installation

- 6-40 Bibliography
