

DIVISION VIII
CATHODE RAY TUBE RECYCLING

567—102.700(455D) Purpose. The purpose of this division is to implement rules for the recycling of discarded CRTs and the disassembly and removal of toxic parts from discarded CRTs in a manner that is safe for human health and the environment.

567—102.701(455D) Applicability and compliance. This division applies to discarded CRTs that are collected for recycling and to CRT glass processed for recycling. This division does not apply to CRTs collected for disposal.

102.701(1) This division applies to facilities and short-term CRT collection events that perform CRT recycling functions including but not limited to the collection, demanufacturing, and processing of discarded CRTs.

102.701(2) This division does not apply to CRT reuse activities, CRT service and repair activities or CRT refurbishing activities that do not otherwise qualify as CRT recycling.

102.701(3) The issuance of a permit or registration by the department in no way relieves the applicant of the responsibility of complying with all other local, state, or federal statutes, ordinances, and rules or other requirements applicable to the construction, operation, and closure of a CRT collection facility or CRT recycling facility.

102.701(4) All discarded CRTs collected for recycling, including those generated by a household, once collected by a CRT collection facility or CRT recycling facility, shall be managed in accordance with 40 CFR 261.39 as amended on March 5, 2025, and this division. If there is a conflict, the more stringent regulation applies.

567—102.702(455D) Definitions. For the purposes of this division, the definitions found in 567—Chapter 100 and Iowa code 455B.301 and 455D shall apply.

567—102.703(455D) Short-term CRT collection events. All short-term CRT collection events shall be conducted in a manner that complies with this rule. Short-term CRT collection event organizers are not required to register the event as a CRT collection facility.

102.703 (1) Within one week of collection, all discarded CRTs and CRT glass shall be transported to a properly permitted CRT recycling facility or registered CRT collection facility.

102.703 (2) During the period between collection and transport, all broken CRTs and CRT glass shall be stored in one of the following ways:

- a. In a fully enclosed building with a roof, floor and walls, or
- b. In a container that is constructed, filled and closed to minimize releases to the environment of CRT glass (including fine solid materials).

102.703(3) During the period between collection and transport, intact discarded CRTs shall be stored in one of the following ways:

- a. In a fully enclosed building with a roof, floor and walls, or
- b. In a secure container (e.g., package or vehicle) that is constructed and maintained to minimize breakage of electronic waste and to prevent releases of hazardous materials to the environment.

567—102.704(455D) Registration for CRT collection facilities. A CRT collection facility shall register with the department using a form provided by the department.

102.704(1) The registration application shall include proof of the applicant's ownership of the property or legal entitlement to use the property for CRT collection. If the facility is leased, the application shall also include a statement, signed by the property owner, stating that the property owner is aware that CRT collection is taking place at the site and that the property owner may be held liable for wastes abandoned at the property.

102.704(2) Registration will expire March 1 of each year if renewal has not been made and approved.

102.704(3) Annual registration renewal occurs by complying with the reporting requirements in rule 567-102.710(455D). Once a complete report is received and confirmed complete in writing by the department, the facility's registration will be renewed until March 1 of the following year.

102.704(4) The department may deny or revoke CRT collection facility registration if one or more of the following is determined by the department:

- a. The registration application is incomplete.
- b. There is a violation of a requirement of this division, including but not limited to failing to submit accurate and timely reports as required in rule 567-102.710 (455D).
- c. There is or was a misrepresentation made in obtaining a registration or registration renewal under this division.
- d. The registrant fails to correct a condition as agreed to in an agreed order with the department or fails to come into compliance with this division within the time frame established in the agreed order.
- e. The permittee has lost legal entitlement to use the property identified in the registration.
- f. Upon notice to the department by the permittee that the permittee no longer wishes to retain the registration for future operation.

567—102.705(455D) CRT recycling facility permits.

102.705(1) *Permit required.* A CRT recycling facility shall not be operated without a solid waste management permit for CRT recycling from the department as per 567-100.4(2)

102.705(2) *Notification of change in status.* CRT recycling facilities must notify the department 30 days prior to any significant change of status of the operation, including any change in the ownership or operation of the facility or location of the facility.

102.705(3) *Denial or revocation of permit.* The department may deny, revoke, or limit the length of a permit if one or more of the following is determined:

- a. The department has revoked the applicant's previous permit under this division.
- b. There is a violation of a requirement of this division or a condition of the permit.
- c. There is a failure to disclose all relevant facts in obtaining a permit under this division.
- d. There is a misrepresentation made in obtaining a permit under this division.
- e. There is a misrepresentation in the annual report required in rule 567-102.710 (455D).
- g. The permittee fails to meet the requirements for a permit.
- h. The permittee fails to correct a condition as agreed to in an agreed order with the department or fails to come into compliance with the permit or this division within the time frame established in the agreed order.
- i. The permittee has lost legal entitlement to use the property identified in the permit.
- j. Upon notice to the department by the permittee that the permittee no longer wishes to retain the permit for future operation.

102.705(4) *Permit conditions.* The department may place conditions on any permit deemed necessary by the department to ensure compliance with this division and to protect human health and the environment.

102.705(5) *Effect of revocation.* If a permit held by any public or private agency is revoked by the director, then no new permit shall be issued to that agency for that CRT recycling facility for a period of one year from the date of revocation. Such revocation shall not prohibit the issuance of a permit for the facility to another public or private agency.

102.705(6) CRT recycling permits that were issued prior to {the effective date of these rules} that do not have an expiration date will expire {five years following the effective date of these rules}. The permit holder shall file an application for renewal as per 567-100.4(2)a.

567—102.706(455D) CRT recycling facility permit application requirements. In addition to the requirements in 567-100.5(1) A CRT recycling facility permit applicant shall submit the following information to the department:

102.706(1) The physical location of any collection sites if separate from the main facility.

102.706(2). If the facility is leased, the applicant shall submit a signed statement from the property owner stating that the property owner is aware that CRT collection or recycling is taking place at the property and that the property owner may be held liable for wastes left at the property.

102.706(3) A brief description of the facility and the CRT processing that will take place.

567—102.707(455D) Discarded CRT management requirements. CRT collection facilities and CRT recycling facilities shall manage all discarded CRTs in accordance with 40 CFR 261.39 as amended on March 5, 2025 and 40 CFR 260.43 as amended on March 5, 2025.

102.707(1) Discarded CRTs and processed CRT glass shall not be speculatively accumulated pursuant to 40 CFR 261.1(c)(8) as amended on March 5, 2025

102.707(2) Broken CRTs and processed CRT glass shall be stored either:

- a. In a building with a roof, floor and walls, or
- b. In a container (e.g., a package or a vehicle) that is constructed, filled, and closed to minimize releases to the environment of CRT glass (including fine solid materials).

102.707(3) Intact discarded CRTs shall be stored either:

- a. In a building with a roof, floor, and walls, or
- b. In a secure container (e.g., package or vehicle) that is constructed and maintained to minimize breakage of electronic waste and to prevent releases of hazardous materials to the environment.

102.707(4) Each container of broken CRTs or CRT glass must be labeled or marked clearly with one of the following phrases: “Used cathode ray tube(s)-contains leaded glass. Do not mix with other glass materials” or “Leaded glass from televisions or computers. Do not mix with other glass materials.” Each container shall also be labeled with the first date that material began to be accumulated in the container.

102.707(5) Each container or pallet of intact discarded CRTs shall be labeled with the first date that any material began to accumulate in the container or on the pallet.

102.707(6) Broken CRTs must be transported in a container meeting the requirements of subrule 122.8(2).

102.707(7) CRT collection facilities or CRT recycling facilities that export broken CRTs shall also comply with 40 CFR 261.39(a)(5) as amended on March 5, 2025.

102.707(8) All processing of CRTs shall be processed according to 40 CFR 261.39(b) as amended on March 5, 2025.

102.707(9) Failure to comply with this rule and the CFR sections referenced is grounds for termination of any permit or registration authorized by this rule.

567—102.708(455D) Record-keeping requirements for CRT collection facilities.

102.708(1) All CRT collection facilities shall maintain the following records on a calendar-year basis:

- a. The name and address of the facility receiving a shipment that left the CRT collection facility, and contact information for the receiving facility.
- b. The type of service the receiving facility will provide to the CRT collection facility.
- c. A description of the shipment contents.
- d. All bills of lading.
- e. All hazardous waste manifests.

102.708(2) Records must be maintained at the facility, must be submitted to the department upon request, and may be destroyed after three years.

567—102.709(455D) Record-keeping requirements for CRT recycling facilities.

102.709(1) All CRT recycling facilities shall maintain the following records on a calendar-year basis:

a. The total aggregate weight and receipt date of each shipment of discarded CRTs received from businesses, institutions, CRT collection facilities, short-term CRT collection events, and other permitted CRT recycling facilities.

b. The name, address, and contact information for shipments reported pursuant to subrule 122.11(1).

c. The total aggregate weight and date of each shipment leaving the CRT recycling facility.

d. The name and address of the facility receiving a shipment that left the CRT recycling facility, contact information for the receiving facility and a description of the shipment contents including all applicable bills of lading.

e. The type of service the receiving facility will provide to the CRT recycling facility.

f. All hazardous waste manifests.

102.709(2) Records must be maintained at the facility, must be available for review by the department on demand, and may be destroyed after three years.

567—102.710(455D) Reporting requirements. CRT collection facilities and CRT recycling facilities shall report the following information on a form provided by the department, to the department by February 1 of each year for the previous calendar year.

102.710(1) The amount, either by weight or volume, of discarded CRTs and processed CRT glass on site on January 1.

102.710(2) The amount, either by weight or by volume, of discarded CRTs and CRT glass recycled or transferred for recycling during the calendar year.

102.710(3) The amount, either by weight or by volume, of discarded CRTs and processed CRT glass on site on December 31.

102.710(4) Indication of whether the CRTs received over the past year were generated by households, businesses, or both households and businesses.

These rules are intended to implement Iowa Code section 455D.6(5).
