P2 In Depth Webinar Series

Avoiding Costly Mistakes: Insights on Common RCRA Pitfalls from an EPA RCRA Regulator

Featured Speaker: Ed Buckner, Compliance Officer, Resource Conservation and Recovery Act, US. EPA Region 7

Date: September 9, 2025
Time: 10:00 – 11:00 am

Navigating the complexities of the Resource Conservation and Recovery Act (RCRA) can be challenging – even for experienced professionals. One oversight can lead to significant penalties, operational delays, and significant environmental consequences.

If you are involved in ensuring RCRA compliance for your facility, don't miss our upcoming free webinar "***Avoiding Costly Mistakes: Insights on Common RCRA Pitfalls from an EPA RCRA Regulator"***, where you'll hear directly from an experienced RCRA regulator who will focus on four of the most common RCRA regulations EPA inspectors see facilities get tripped up with – and how to ace them in your own facilities.

Why Attend?

- Learn some of the top RCRA rule area violations seen during inspections
- Understand how regulators are evaluating compliance
- Learn practical strategies to strengthen your hazardous waste program in these areas
- Gain access to compliance tools and guidance that can help protect your organization

Ed Buckner, Compliance Officer with RCRA staff from EPA Region 7 in Kansas City, will be joining us as a featured speaker to share his insight and expertise on RCRA, RCRA inspections, and RCRA education. Ed has served in a RCRA compliance assistance role at EPA for many years and brings a wealth of practical knowledge to share. There will be plenty of time for questions, which are encouraged and welcome!

Don't miss the opportunity to learn more from the source – and ace your next program inspection!
