Exemptions to Tier 2 Reporting

Chemicals not requiring an SDS under OSHA regulations are exempt from Tier 2 reporting.

Chemicals explicitly excluded from the "Hazardous Chemical" definition by EPCRA section 311(e) are exempt, which include:

- Any food, food additive, color additive, drug, or cosmetic regulated by the Food and Drug Administration (FDA)
- Any substance present as a solid in any manufactured item to the extent exposure to the substance does not occur under normal conditions of use
- Any substance to the extent it is used for personal, family, or household purposes, or is present in the same form and concentration as a product packaged for distribution and use by the general public (Consumer Product Exemption)
- Any substance to the extent it is used in a research laboratory or a hospital or other medical facility under the direct supervision of a technically qualified individual
- Any substance to the extent it is used in routine agricultural operations or is a fertilizer held for sale by a retailer to the ultimate customer
