

Form Instructions: FORM INV-6

Duplicate this form as needed to include all pollutants that are being emitted from your facility.

This form shows the total actual emissions from the entire facility. NOTE: If you are using SLEIS, there is not a separate tab for Form INV-6. In SLEIS, total facility-wide actual emissions for each pollutant may be viewed by:

- a) Clicking the open button for the facility on the "My Facilities" screen
- b) Clicking the open button for the emissions year on the "My Reports" screen
- c) Clicking the HTML, PDF, or CSV hyperlink for the "Total Emissions by Source" under the "Summary Reports" on the right side of the screen

1) Facility Name: Enter the company/facility name as it appears on Form INV-1.

2) Form INV-6 - page ___ of ___: Since some companies may need to use multiple Forms INV-6, this box identifies each page of the total number of Forms INV-6 that have been included.

3) Emission Year: Enter the calendar year for which you are submitting an emissions inventory. Usually, this will be the previous year.

4) Facility-Wide Criteria Air Pollutant and Ammonia Emissions: Enter the facility-wide actual emissions in tons for each pollutant being emitted at the facility. You may reference Forms INV-4 (box #32) to sum up the facility-wide actual emissions

5) Facility-Wide Hazardous Air Pollutant and Other Regulated Air Pollutant Emissions: Enter the appropriate air pollutant and its associated ID or CAS-number along with the facility-wide actual emissions in tons for each pollutant being emitted at the facility. You may reference Forms INV-4 (box #32) to sum up the facility-wide actual emissions. Each individual hazardous or other regulated air pollutant must be totaled individually.
